American Tanks Rumble Into Abandoned Chunchon

Chinese Give Up Last Base In Central Korea

U.N. Forces Are Now Only Seven Miles Below Parallel 38

By LEE FERRERO
(U. N. Staff Correspondent)

TOKYO, March 21.—Chinese Red troops abandoned Chunchon today and American tanks rumbled into the hub only seven miles below Korea's Parallel 38 toward which United Nations columns were driving in several sectors.

As the Korean War neared an important new turn, Britain's director of military training declared that British troops will cross the much-discussed 38th Parallel into North Korea if Gen. Douglas MacArthur orders them to do so.

Last Major Base

In abandoning Chunchon, the Chinese Communist invaders gave up their last major central Korean base below the parallel.

After exploring the rail-highway center and finding it completely deserted by the Red invaders, the American armored spearhead withdrew to the outskirts to "button up" for the night and prepare for full occupation later.

International News Service War Correspondent Cecil Brownlow reported the enemy's sudden evacuation of pivotal Chunchon, which lies seven air miles south of the 38th Parallel and 45 miles north-east of liberated Seoul.

Rode into Chunchon

In a Wednesday evening field dispatch direct from the fallen city, Brownlow said he rode into Chunchon on one of the first American tanks to enter the former Chinese headquarters and troop assembly center.

The middle of Chunchon, he reported, was in ruins.

Name Officers For Motor Club

Annual election of officers for the Board of Governors of the New Castle Motor club took place Tuesday evening at 6:30 o'clock. The session was held as a dinner-meeting at The Castleton.

Those elected were: President, Alec Samuels, 15th St.; vice presidents, John E. Elliott, J. F. Rentz secretary, B. N. Hamon, treasurer, Charles F. Morrow. Immediately after the officers election, the membership elected five governors to the board for a three-year term. Those elected included: Orville Potter, Samuel Mooney, Richard E. Rentz, J. Preston Flaherty and William F. Moody.

Pardon Board Turns Down Appeals Of Convicted Slayers

HARRISBURG, March 21.—(INS)—The state pardons board today refused to recommend clemency for Edward L. Biggs and three Bucks county slayers scheduled to die in the electric chair next month.

The three are David Darcy, 22, Harold H. Foster, 26, and Harry Zietz, 21, all of Philadelphia, condemned to die April 2 for a holdup slaying outside the Feasterville inn near Bristol in December, 1947.

The 26-year-old Gibbs was convicted of slaying a 21-year-old stenographer three miles south of the Franklin and Marshall college campus where he was a student.

He has been sentenced to die April 23.

SIGN LANGUAGE FIGURES IN COURT TRIAL

ATLANTA—Allen T. Jones, (left) a deaf mute, accused of strangling the estranged husband of his alleged girl friend, communicates to his lawyer, Dan Duke, (right), through Gloria Thornton (center) his interpreter, outside the court room here.

Sign Language Used In Court By Witnesses

ATLANTA, March 21.—(INS)—Atlanta's deaf-mute colony will through a city courtroom again today to watch sign language testimony accusing one of its members of slaying a husband so he could continue a love affair with the victim's wife, also a deaf mute. The unusual audience responded with grunts of surprise yesterday when Mrs. William H. Knight manipulated her fingers to admit being intimate several times with 30-year-old Allen Jones, who is accused with strangling her husband.

Mrs. Knight explained Jones was "jealous of me" and she submitted to him because "I was afraid not to."

Talk Through Interpreter
Another voiceless witness, Mrs. M. Thornton, traced with her fingers the "triangle." Mrs. Thornton testified that the slain husband warned Jones to "please leave my wife alone."

The deaf mutes gave their testimony through an interpreter, Lewis R. Dine, a Veterans Administration employee.

Knight's body was found last Feb. 17 in Jones' auto. Both worked in a food plant.

Mrs. Knight's sister-in-law, Mrs. Alma Lanier, who is able to talk, testified Jones made a written threat to kill the husband if he could not have his wife. She quoted the note as saying: "If I can't have her, no one can. I kill."

Seek To Break Iron Curtain Jamming Efforts

WASHINGTON, March 21.—(INS)—The State department revealed today that it has enlisted the services of 22 leading scientists in an effort to break the iron curtain jamming of voice of American programs.

The selection of these scientists, including some experts on social and psychological problems, is aimed at meeting objections raised to the effectiveness of current voice operations.

The scientists are working with Assistant Secretary of State Edward W. Barrett to:

1. Get foreign news to the Soviet and other iron curtain people through the 250 million dollar jamming system set up by Moscow.
2. Improve the effectiveness of the program through more direct aim at the core of communist thinking in Soviet-dominated areas.

ATLEE IN HOSPITAL

LONDON, March 21.—(INS)—Prime Minister Clement Attlee entered St. Mary's hospital in London today to undergo a series of examinations.

Attlee's office announced last week that his physician felt the Prime Minister should have a complete checkup over a period of a few days following the strain of a heavy parliamentary session. Attlee in 1948 was treated for a duodenal ulcer.

Hospital Ground-Breaking Ceremony On Thursday

Construction of the new addition to the Jameson Memorial hospital, on Garfield avenue, will get under way Thursday afternoon at 1:30 o'clock, when ground will be broken.

Officers and directors of the hospital, public officials and the general public will participate in the ceremony, the first step towards the wing that will enlarge and modernize the hospital.

Roger W. Rowland, president of the board of directors, will be in charge of the groundbreaking ceremony, with Judge John G. Lamoree as the principal speaker.

The contract for the new addition has been let to the Matthew Leivo Sons company, Inc., a New Castle contracting firm. Money for the addition will come from the \$850,000 fund raised several years ago.

Construction of the addition has been delayed because of an effort made to get federal funds to augment the addition. Recently it was found the hospital would have to wait at least three more years for such money, and the directors decided to go ahead with the work.

The groundbreaking ceremony is open to the public.

City Draftees Are Inducted

Group Is Given Farewell Sendoff

Thirty-three men called up for induction by Selective Service Board 87, from the city of New Castle, left this morning at 7:12 o'clock for Pittsburgh, where they were to be inducted into service later in the morning, after which they were sent away with other groups from this area to begin their basic training.

The usual gifts were presented to the men by the Civilian Sponsoring committee. Red Cross, American Legion, Gideons society and Catholic diocese and the men were addressed by Rev. Thomas J. Jones, pastor of the First Congregational church, who expressed the sentiment of the community in wishing them Godspeed. The benediction was given by Rev. Fr. Stephen J. Kolcun, pastor of St. Nicholas Orthodox Greek Catholic church.

There was a large crowd of friends and relatives on hand to bid the men farewell.

Plans To Start Police Graft Probe In Philadelphia

PHILADELPHIA, Mar. 21.—(INS)—Judge Edwin O. Lewis shook up the March grand jury today and indicated he will officially launch a probe of police graft in Philadelphia tomorrow.

The jurist dropped five members of the grand jury and replaced them with eight new veniremen and said he would give them "certain vital duties" tomorrow.

The grand jury which will investigate charge of graft and corruption in the police department will consist of 11 women and six men.

House Starts New Probe Of Movie World

(BULLETIN)

WASHINGTON, March 21.—(INS)—Larry Parks, star of the movie "The Jolson Story," admitted today that he was a member of the Communist party ten years ago, but said he is not now a Communist.

WASHINGTON, March 21.—(INS)—House Red hunters take a second plunge into the movie world today, searching for Communist influence in Hollywood.

Three top movie names are scheduled for today's opening hearings of the un-American Activities Committee's picture probe. They are lead off witness Larry Parks, Gale Sondergaard, and Howard Da Silva.

Committee members expressed hope that Parks, who played the Mammy singer in "The Jolson Story," will be a "friendly" witness, even though he was subpoenaed for the 1947 hearings that sent ten Hollywood figures to jail for contempt of Congress.

At the earlier hearings cooperative witnesses appeared voluntarily.

All-Jet B-47 Bomber Now Being Tested

WASHINGTON, Mar. 21.—(INS)—The air force announced today that its all-jet B-47 bomber has been assigned to the atomic bomb test at Eniwetok.

A spokesman said "to the best of my knowledge the B-36 bomber is not being used at Eniwetok."

The statement was taken to mean emphasis in atomic bomb delivery is shifting from the giant 400-mile-an-hour B-36 to the smaller, 600-mile-an-hour B-47.

There was no statement as to whether bombs have already been exploded at Eniwetok. But a carefully worded Atomic Energy Commission announcement yesterday indicated new tests are underway.

Filing Of Retail Pricing Charts Date Postponed

One month's postponement has been granted by the Price Stabilization board for the filing of retail pricing charts, it is announced.

The date originally set for the filing of these charts was March 28. This date has now been postponed to April 30. This information was received today by the Greater New Castle Association.

Spring Arrives?

"Mr. Weatherman" must have forgotten that spring was to have arrived in New Castle at 5:26 this morning. That is the conclusion reached after watching the snow flakes dancing dizzily in the air.

Although the season has changed (for the better we had hoped) the weather has remained its unpredictable self.

Reports say that we will have snow today and tonight with temperatures in the high 30's.

Perhaps the overshoes and mufflers shouldn't be put away just yet.

V.A. Contact Office Here Not To Close

According to word received today from U. S. Sen. Edward Martin, in Washington, the United States Veterans Administration has announced its decision not to close the contact office here, as had previously been planned, on April 1.

No word to this effect had been received here up until late this morning by G. C. Barna, officer in charge here, but Mr. Barna stated that he had heard rumors to the effect that the previous order might be rescinded.

It had been announced by the Veterans Administration in Washington on January 30 that 13 one-man contact offices in Pennsylvania would be closed as an economy measure effective April 1. Protest over the closing was made by local veterans organizations, who contacted Senators Martin and Duff and Congressman Graham urging that the office be kept open here because of the hardship it would impose on local veterans, which would have had to go to Pittsburgh for service.

New York City Crime Probe Nearly Ended

By MALCOLM JOHNSON
(U. N. Staff Correspondent)

NEW YORK, March 21.—Louis Weber, hulking Brooklyn numbers racket king, may explode a final bombshell today before the Kefauver committee rings down the curtain on its Klieg-lighted drama, "Crime and Politics in New York."

Weber, a tough habitual criminal, has asked for a chance to return before the committee and revise or expand a story of his acquaintance with James J. Moran, long-time friend of former Mayor William O'Dwyer.

Weber was promptly arrested on perjury charges after his testimony last week that he had never seen Moran. In a dramatic confrontation scene, Moran swore, equally positively, that Weber had visited him a few times at his (Moran's) office as deputy fire commissioner of New York.

Story Contradicted

Moran's story then was contradicted by a uniformed fireman who testified that Weber had seen Moran, not once or twice, but more than 50 times in regular visits.

S. Attorney Irving Saypol told the committee late yesterday that Weber now wished to return.

O'Dwyer, a committee witness yesterday, admitted that if the testimony concerning Moran's relationship with Weber is true it (Continued on Page Two)

Field Is Acquitted Of Contempt Charge

WASHINGTON, March 21.—(INS)—New York Millionaire Frederick Vanderbilt Field, who has been accused of supporting Communist groups, was acquitted today of contempt of Congress.

Federal Judge T. Alan Goldsborough ruled Field was within his rights in refusing to answer 32 questions asked him last April by a Senate subcommittee investigating communism in the government.

The 45-year-old great-grandson of Cornelius Vanderbilt claimed the questions tended to incriminate him. He denied the charge of previous witnesses that he had been a Soviet agent, but refused to say whether he was a Communist.

Goldsborough emphasized in his ruling that Field had a stronger-than-usual right to protect himself against self-incrimination because of the serious charges made against him.

Armed Forces Of U.S. Now Nearly Three Million Men

By ROBERT G. NIXON
(U. N. Staff Correspondent)

U. S. SUB BASE, KEY WEST, FLA.

March 21.—President Truman disclosed today that United States armed forces have now reached a strength in excess of 2,900,000 men. The President said they have doubled in size in the nine months since outbreak of the Korean conflict.

The President's revelation of the rapidly growing might of U. S. arms was the first official intimation in months of the nation's fighting strength.

Closely Guarded Secret

Such figures have been a closely-guarded "top secret" since the Communist invasion of the Republic of Korea last June 25.

The rapid expansion of the Army, Navy and Air Force was revealed by the President in an exchange of telegrams with Secretary of Defense George C. Marshall and was made public by the presidential headquarters at Key West where Mr. Truman has been vacationing for the past three weeks.

Mr. Truman said the Communist forces present "the menace of still further attacks against our free nations."

Secretary Marshall telegraphed the President yesterday:

"As of tomorrow, 21 March 1951, (Continued on Page Two)

May Extend Crime Probe

WASHINGTON, March 21.—(INS)—A six months extension, and at least another \$100,000 in funds is in sight today for the Kefauver Crime Committee.

Senate minority leader Wherry (R) Neb., said he will ask Sen. Tobey (R) N. H., a committee member, to introduce an extension resolution when he gets back from the New York hearings.

Majority leader McFarland (D) Ariz., said he will not oppose a "short" extension.

Another high-ranking Democrat said the final answer probably will be six months and \$100,000—a compromise on the one-year extension expected to be proposed by the Republicans.

The life of the committee, under the existing resolution, ends March 31.

Rose Point Bridge Closed To Traffic For Short Period

New bridge on route 422 over the Slippery Rock creek at Rose Point was closed to traffic this morning for a period of between two days and a week to enable the contractor to remove some false structures under the bridge, it is announced by Alfred A. Martin, county superintendent of highways.

Cranes and other machinery are in operation on the bridge to remove the structures, making it necessary to detour traffic through Rose Point and over the old bridge as it was before the opening of the new bridge.

The bridge was first opened to traffic on February 27, completing the connecting link from New Castle to the Butler county line.

Governor Asks For Approval Of Income Tax

Flat Rate Of One Half Of One Per Cent Asked In State

By JOHN PAGET
(U. N. Staff Correspondent)

HARRISBURG, March 21.—A flat income tax and an increase in the corporate net income levy coupled with re-enactment of all existing imposts except on soft drinks was recommended today by Gov. John S. Fine to bolster his record-breaking billion dollar budget.

He asked the General Assembly to approve a one half of one per cent income tax on a withholding basis plus a one per cent boost in the current four per cent corporate net income levy.

The tax program embraced \$166,976,142 in new revenue for the biennium opening June 1.

Would Yield \$119,487,253

House and Senate members were told during a joint session that the income tax would yield approximately \$119,487,253 while the increased corporate net income levy would produce \$70,120,000. Elimination of the soft drink tax, he said, would cost the state approximately \$29,000,000 in the next biennium.

Other decreases forecast were: gross receipts, \$534,500; malt beverage, \$378,000; insurance premium, \$2,770,000 and other taxes, penalties and interest, \$459,720.

Tax increases predicted in the next biennium were: bonus, \$837,000; legal documents and securities transfers, \$21,000; inheritance, (Continued on Page Two)

U.N. Votes To Meet In Paris

By PIERRE J. HUSS
(U. N. Staff Correspondent)

LAKE SUCCESS, N. Y., March 21—U. N. delegates predicted today that the Korean conflict will be settled by the 1951 general assembly in session beginning in Paris next November 6 and running probably to February of 1952.

The 60-nation assembly, prodded by Russia and Paris-favoring members of the Latin-American bloc, late yesterday voted by the slim majority of 24 to 17 to accept the French government's bid to defer to September opening date to October 6 and jettison New York for Paris.

Thirteen nations abstained and six were absent. The Soviet bloc of five states turned the tide in favor of Paris after assembly President Narasimha Entezam brushed lively opposition aside and got consent of the assembly to allow a decision by simple majority.

Costello Balks At Revealing His Net Worth

By MALCOLM JOHNSON
(U. N. Staff Correspondent)

NEW YORK, March 21.—Frank Costello refused to tell the Senate crime committee today his "net worth" or whether he has any cash secreted away or in the hands of agents.

That was one answer on his business enterprises and investments that stuck in the big-time gambler's throat.

Costello based his refusal on constitutional grounds, saying: "That is getting into my net worth. The question I refused to answer before."

In response to other questions, Costello again admitted having between 90 and 100 thousand dollars cash in his bank account and between 40 and 43 thousand in cash in a strongbox in his home.

It was at this point Halley asked: "Do you have any cash anywhere in excess of \$10,000?"

This was a question at which Costello balked. Previously the man whom the committee brands as a top crime syndicate boss told (Continued on Page Two)

Funeral Plans Delayed For Crash Victims

Funeral arrangements for two cousins, Guido, aged eight years, of 411 Meyer avenue, this city, and Annetta Scarazzo, aged 11 years, of 58 Waldorf street, Northside, Pittsburgh, victims of an auto accident in Florida Tuesday, are incomplete at this time.

Arrangements will be made when the grandparents, Mr. and Mrs. Eirik Scarazzo, 5 West Laurel avenue, arrive here from their winter home in Palm Springs, Fla.

The bodies of the two children will arrive in New Castle Thursday, March 22, and will be taken to the DeCarbo funeral home, East Lutton at Cunningham.

The tragic accident occurred 12 miles south of Fort Pierce, in Florida, as the children and their parents were en route to Pompano Beach, Fla., for a two-week vacation.

In Critical Condition
Little Guido was the son of Mr. and Mrs. Scarazzo. His mother, Mrs. Thelma Scarazzo is still in a critical condition, and according to the report will remain in the Florida hospital.

Mrs. Betty Scarazzo, of Pittsburgh, mother of the victim, Annetta Scarazzo, is also in a critical condition and at the last report will not be able to be moved. She is the widow of Guido Scarazzo of New Castle, who died several years ago.

According to the report of the Florida state police, a semi-trailer struck the rear of the Scarazzo auto after it had stopped for a change of drivers. Ulysses Callman, driver of the trailer, was uninjured, but is being held pending an investigation.

Also injured in the accident were two other children of Mr. and Mrs. Anthony Scarazzo, Erika, 10, and Eirik, age four. Mr. Scarazzo was not injured.

of two legitimate businesses. They are, Costello said, the Beverly club in Louisiana and a Jet broiler company. He describes his company's jet broiler as "the best broiler in the world," but admitted he did not know how it works.

As to other investments or properties, Costello said he invested \$41,114 in Texas oil leases. His return on those leases to date, Costello said, is \$9,260.21. He insisted that he has no other legitimate business interests at the present.

New York, March 21.—Frank Costello, reputed underworld kingpin, finally told the Senate crime investigating committee today what he has to show for his career, and it amounts to:

\$134,000 to \$148,000 in cash.
\$41,114 in Texas oil leases.
200 shares of television stock.
An interest in the Beverly club in Louisiana and a "jet broiler" company.

lated, was choked with the rubble wrought by American air bombardments. The correspondent said troops of two Chinese Red army corps had managed to withdraw completely with all their supplies from the city situated in a bowl-shaped valley ringed by rugged mountains.

The American tanks, he added, entered Chunchon "hard on the heels of the retreating Chinese."

Plan Next Stand
The enemy's abandonment of Chunchon, Brownlow said, indicates definitely that the Communists plan to make their next main stand along or just north of Parallel 38, the pre-war dividing line between South and North Korea.

Brownlow's front dispatch described the fall of Chunchon "the most important single victory in recent weeks."

Lt. Gen. Matthew B. Ridgway, commander of the Eighth Army which includes all United Nations ground forces in Korea, recently called Chunchon the "key" to the Communist defenses below the politically explosive 38th Parallel.

The only other major communications centers remaining in Red hands south of the parallel are in western South Korea—the cities of Uijongbu and Kaesong, 11 miles north and 34 miles northwest of Allied-held Seoul.

Before the last of the Chinese troops fled from Chunchon, American and South Korean troops had driven pioneer prongs to within five miles of the city to bring it within easy artillery range.

Tank-powered Allied columns smashed steadily closer to Parallel 38 as Red China poured fresh forces across Manchuria's southern Yalu river boundary for a possible spring counter-offensive.

Waves of American planes incessantly attacked increasing enemy rail traffic in North Korea.

GOVERNOR ASKS FOR APPROVAL OF TAX

(Continued from Page One)

\$1,160,609; cigarette, \$1,481,000; liquor, \$1,243,000 and capital stock, \$5,821,500.

Retain Capital Stock Tax
Governor Fine recommended that the manufacturers' exemption to the capital stock tax be postponed for another two years.

By adding an estimated end-of-biennium surplus of \$10,026,557 to the total to be produced by re-enacting all except the soft drink tax plus the two new levies, Fine said, a required total of \$853,513,810 would be produced.

The balance of his \$1,220,150,000 budget would reflect special funds, he told lawmakers.

Governor Fine pointed out that early in 1950 the new money need for the next biennium was estimated at \$150,000,000 but he said the outbreak of the war in Korea did not produce the anticipated upsurge in returns under existing taxes.

He admitted "lumbly" that tax experts had "erred" in their evaluation of the outlook when the budget needs were scouted informally last year. He blamed ever-rising prices for the huge increase in needed revenue.

Must Be 'Realistic'
Fine emphasized that while "it is not easy to impose new taxes" Pennsylvanians must be "realistic" in trying to meet the conditions with which we are faced.

He promised the commonwealth will be run economically during the next biennium and said as a preliminary he had slashed all requests for construction appropriations.

"However," the governor declared, "if the war economy should at any time permit, construction can be taken care of under the state authorities."

The tax program, Fine explained, reflected a firm belief that the tax base must be broadened to meet financial requirements mirroring increased services and that "to postpone this imperative step would be the timid answer to political expediency."

Would Distribute Load
A flat income tax, he stated, would distribute the load most equitably and would be least burdensome to the people.

"The greater part of the need for additional revenue arises from financing the soldiers' bonus, civil defense and additional public school subsidies and payments to the teachers' retirement fund," Fine reported.

"It seems to me," he added, "that all citizens of this state should share in paying off the soldiers' bonus, in paying for civil defense and in helping to pay the cost of educating our children."

Fine pointed out that a state income tax would be deductible when computing federal income liabilities and said that it will encompass "the net income of unincorporated businesses."

Political subdivisions imposing wage taxes, he said, will be given legislative relief to allow continuance of the local levies.

He referred to an act of 1947 which prohibits local governments from taxing any item upon which the state levies a tax.

ARMED FORCES OF U.S. NOW NEARLY 3,000,000
(Continued from Page One)

the strength of our armed forces will be exactly doubled what it was on 25 June 1950.

"The doubling of our strength has been accomplished less than nine months after the Communist aggression against the Republic of Korea."

"For your information, the strength we have attained—a total strength in excess of 2,900,000—was not attained in World War II until more than 21 months after our build-up started in June 1940, following the fall of France, and more than three months after Pearl Harbor."

Commendation Given
The President replied: "I wish to commend you and all your associates in the Army, Navy and the Air Force for the strenuous efforts which have made such growth possible."

"This tremendous gain in our strength has been made necessary by the lawless aggression of Communist forces in Korea, and by the menace of still further Communist attacks against other free nations."

"The armed forces we are building, and the supplies for them which our factories, farms and mines are turning out, are for the protection and preservation of our freedom."

"The speed with which we have been able to strengthen our defenses should be a source of inspiration and encouragement to men everywhere who love freedom."

"It is evidence of our determination, in company with other free nations, to establish and maintain world peace."

would be "something to worry about."

If true, O'Dwyer said, it would "shake my confidence in Moran." Thus the issue may be joined today. The implication of previous testimony was plain.

The Kefauver drama, thrilling millions of television viewers, listeners and readers, entered its final scenes with a return appearance today of its biggest star, Frank Costello.

Costello, who has shared the spotlight with ambassador to Mexico O'Dwyer, is to complete the story of how he rose to riches and became a behind-the-scenes power in New York politics.

One element of mystery remaining in the tense thrill-packed drama is the status of Irving Sherman.

Sherman, friend of both Costello and O'Dwyer, is a name on many tongues today. Where is Sherman? Has the committee found this elusive, prospective witness, or is he still missing?

The committee itself adds to the mystery. Its members can't seem to agree whether Sherman has been served a subpoena or not.

Alphonse Bertillon invented his system of fingerprinting for identification in 1879.

Deny Report Of Narcotics Smuggling

(Continued from Page One)

ATHENS, March 21.—(INS)—Government officials denied today the existence of a Greek narcotics network smuggling drugs into the United States underworld through a Mexican "back door."

The general security department issued a flat denial in answer to American reports claiming that Greek smugglers were providing drugs for an international market.

The government denial asserted that no important gang of smugglers has been discovered in Greece during recent years.

It said, however, that Athenian police tracked down a heroin converter two years ago. He had been "invited" to travel to the United States to manufacture drugs for an underworld ring.

The laboratory owner was arrested and sentenced to three years imprisonment, the official statement added.

An American Federal Bureau of Investigation agent who flew to Greece to question the prisoner said he disclosed he had sent two kilos of heroin to Mexico and had received an invitation from American underworld leaders to travel to the U. S. and manufacture the drug there.

The Greek manufacturer's revelations led to the arrest of two American smugglers in Mexico. Since then, the statement concluded, no important gang of heroin smugglers had been arrested in Greece.

Carelessness is estimated to be the greatest single cause of fire in the United States.

Avoiding Burdensome Funeral Expense . . .

Most families want the best they can afford in a funeral. At times this leads to assuming a burden of expense that is beyond the amount they can comfortably pay.

There is no reason why that should happen at the Boyd Home for Funerals. The price for each complete funeral is plainly marked. It enables the family to select a satisfactory casket within the price range they desire.

If you may be facing such a problem, do not hesitate to come in and talk it over. We welcome inquiry and patrons often have made arrangements long before they were needed.

SOCIETY & Clubs

Mr. And Mrs. William Jones Observe 50th Anniversary

Unforgettable in the lives of Mr. and Mrs. William Jones of Almira avenue was the observance of their fiftieth wedding anniversary on Sunday, March 18.

Open house was held during the afternoon and evening hours, with numerous gifts, bouquets of flowers and telegrams received by the happy couple. Mr. and Mrs. Jones are grateful for the kindness of their many friends and relatives on this occasion. A gold color theme predominated in the attractive table and room decorations.

Mrs. Ethel Cutler of Whiting, Ind., the couple's daughter, poured while another daughter, Mrs. Eleanor Brown of Beaver Falls cut the large cake. Miss Donna Brown, a granddaughter, was in charge of the guest book. A special guest was Miss Margaret McGregor, a native of Scotland, who is a student at the University of Chicago.

Mr. and Mrs. Jones were united in marriage by Rev. R. Frazier at the St. John's Episcopal church of Youngstown on March 18, 1901. They are the parents of six children, two of which are deceased.

COPELAND SOCIETY ENJOYS BANQUET

Margaret Copeland Missionary society members enjoyed their annual banquet in the Third United Presbyterian church on Tuesday evening. Members of the S. B. Copeland class served the delicious meal at 6:30 o'clock. Mrs. Sam Mooney and Mrs. J. O. Davies were in charge of the decorations, with lovely arrangements of spring flowers gracing the table.

Mrs. F. Dickson Marshall of the City Rescue Mission gave an interesting discussion of the work done by the Mission. Dr. J. Paul Graham greeted the group with a few remarks. Devotionals were conducted by Mrs. Elmer Rice.

The new officers installed by Mrs. Mooney include: president, Mrs. Jesse Nolan; first vice president, Mrs. Scott Munnell; second vice president, Mrs. Clyde Henderson; secretary, Mrs. G. L. Thompson; treasurer, Mrs. Elmer Rice; thank offering, Mrs. Charles Gee; literature, Mrs. Ida Howe; efficiency, Mrs. A. C. Minnick; temperance, Mrs. Glenn Orr; and pianist, Mrs. J. O. Davies.

The next meeting of the society will be held at the home of Mrs. Elmer Rice, Shaw street, April 20.

BAIRD SOCIETY PLANS LUNCHEON

Baird Missionary society will have a spring luncheon in Highland United Presbyterian church on Wednesday, March 28, at 12:15 p.m. Mrs. John F. Haven is in charge of reservations which are to be in by Sunday, March 25.

Mrs. Robert Marshall, of the Salvation Army, will speak. Installation of officers will also be a feature.

Past Noble Grands

Past noble grands of Emeline Rose Rebekah lodge No. 37 were entertained at a delightful luncheon Tuesday afternoon in the home of Mrs. Martha Fox, East Washington street. Mrs. Gladys Mayers acted as co-hostess.

After serving, games were enjoyed with tokens being awarded Mrs. Roberta McWilliams and Mrs. Marie Roof.

DUFFERT-DUNLAP EXCHANGE OF VOWS

A quiet but impressive ceremony united the lives of Miss Patricia Ann Duffert, daughter of Mr. and Mrs. Raymond Duffert of St. Paul, Minn., and Cpl. Harry C. Dunlap of Wald Chamberlain field, Minneapolis, Minn., son of Mr. and Mrs. Joseph Eyer, R. D. 1, Edenburg, Pa.

Vows were exchanged by the young couple at the Eyer home on Tuesday evening, March 20, with Rev. Ed Shaffer reading the single ring service at 7:45 o'clock. W. F. Metz presented the young bride in a fashionable street length dress of royal blue brocade in navy blue. A corsage of gardenias was a pretty accent of the ensemble.

Miss Georgine Ritchie attended the bride as maid of honor, wearing a street length dress of coral rose with a corsage of gardenias and sweetpeas. W. H. Metz served the groom as best man.

Lovely nuptial selections were presented by Joseph Eyer at the piano preceding and during the ceremony.

Several friends were entertained at a reception at the groom's home following the rite, with a tiered wedding cake gracing the prettily arranged buffet table. Aides included Mrs. E. Shaffer, Mrs. Joseph Eyer, Mrs. John Hlusko, Mrs. George Ritchie and Mrs. W. F. Metz. Numerous lovely gifts were presented to the young couple.

The bride, who attended Mechanic Art high school in St. Paul and was employed by a drug store in that city, will reside with the groom's parents. Formerly employed by the Smith Saddle Shop of New Castle, the groom enlisted in the U. S. Air Force in 1949. He will leave for Ft. Dix on Easter Sunday and from there will go to England.

ANNETTA STONE IS FETED AT SHOWER

Mrs. Herbert L. Herberg of Harbor street entertained on Monday evening at a charming pre-nuptial party in honor of her daughter, Annetta Stone, daughter of Mr. and Mrs. Carmen Stone, 224 1/2 Cascade street.

Mr. Miller is the son of Mr. and Mrs. Clyde Miller of North Mill street. Mrs. Miller serving as co-hostess at the shower.

Games were played with prizes being awarded and lunch was served buffet style by the hostesses. A number of lovely miscellaneous gifts was presented to the bride-elect, who marriage will take place on Saturday, March 31.

Miss Stone is an employee of the Shenango Pottery company, while her prospective husband, Mr. Miller, is employed by the U. S. navy during World War II, is employed by the Bossert company.

Sharing the festivity as a special guest was Mrs. Arthur Veard of Virginia Beach, Va., sister-in-law of the hostess.

The Loyalty Guild of the Women's Society of Christian Service of Greenwood Methodist church, Ellwood City-New Castle road, met at the home of Mrs. Verda Shaffer, R. D. 9, New Castle.

Prayer and hymns opened the meeting, with Mrs. John Hilton leading a discussion of "Chant of the Living" or "Christian Opportunities in the Modern World". A business meeting was later conducted, with prayer said in closing.

The remainder of the evening was spent sewing quilt patches, and a dainty lunch was later served by the hostess.

The next meeting will be held Friday evening, April 20.

Theta Rho Girls

Melissa Fenton Theta Rho girls will assemble in the I.O.O.F. hall, East Washington street, on Thursday at 7:30 p.m., when officers will be elected.

CLEVER-MORTON LOVELY RITE

A quiet wedding was performed in the First U. P. church, Monday evening, March 19, at 7:30 o'clock, uniting in marriage Miss Mary Lou Clever and William P. Morton, the latter of Oahu, Hawaii.

Rev. Robert Mayo officiated in the presence of relatives and a few friends with an impressive double ring ceremony being solemnized. Vows were exchanged before an altar of palms and white candelabra.

The bride, daughter of Mr. and Mrs. A. C. Clever of 217 Hillcrest avenue, was given in marriage by her father. She was charmingly dressed in a melon knitted dress with white and black accents. Her only jewelry was a single strand of pearls and pearl earrings. She wore a shoulder corsage of gardenias and observed the something old, new, borrowed and blue tradition. The something old was a white lace handkerchief, a family heirloom of a close friend of the family.

Miss Lois Clever, of Kittanning, cousin of the bride, was her maid of honor. She wore a silver crepe dress with navy accessories. Her bridesmaid, Miss Maxine Mantz, of New Castle, wore an aqua crepe dress with black accompaniments.

Robert C. Clever, of Pittsburgh, brother of the bride, served as best man for the groom and William Ferkan, of Kittanning, served as usher.

Proceeding and during the ceremony, Mrs. John Low played appropriate organ selections, including "Moonlight Sonata" and "Clare De Lune," which were special requests of the bride.

Mrs. Morton is a graduate of the New Castle senior high school, class of 1946, and is employed by the Jameson Memorial hospital. The groom is an Aviation Bombardier, Second Class in the U. S. Navy. He has served in the Navy for 12 years and is now stationed at Yorktown, Va.

Following the ceremony, a delicious dinner was served in a Youngstown road dining room, after which Mr. and Mrs. Morton left for a short honeymoon.

BALDWIN CLASS ELECTS OFFICERS

Mrs. J. C. Hanley led devotions Tuesday evening, when the Baldwin Bible class assembled in Highland United Presbyterian church.

Officers elected for the coming year: followed president, Mrs. William Schmidt; first vice-president, Mrs. Bertha Smith; second vice president, Mrs. J. W. DeGarmo; recording secretary, Mrs. James Cook; corresponding secretary, Mrs. S. G. Moore; treasurer, Mrs. A. Berglund; teacher, Mrs. J. C. Hanley; assistant teacher, Miss Rebekah Wilkison; and pianist, Mrs. M. M. Ingham.

The officers were installed at an impressive ceremony by Mrs. Thomas Lindsey. In behalf of the group, Mrs. Albert Battin presented a lovely gift to Mrs. Bertha Smith, retiring president.

Mrs. A. H. Lewis introduced Rev. F. Dickson Marshall, of the City Rescue Mission, who gave an informative talk on the mission's activities and also sang a solo.

Lunch was served by Mrs. A. H. Lewis and her committee, Mrs. Charles Allen, Mrs. S. G. Moore, Mrs. Dan Maddocks, Mrs. C. J. Streib, Mrs. Elizabeth Bratschie, Mrs. J. E. Gregory, Mrs. Carl Paisley and Mrs. E. F. Henderson.

Mrs. Irene Campbell, of Euclid avenue received the D.O.F. club Tuesday evening in her home.

Tables of canasta were in progress with Mrs. Mary Pacelli and Mrs. Hilda Camuso capturing the prize. Mrs. Judy Covert won the club token. Television was a later pastime.

A dainty lunch was served by the hostess with Mrs. Jerry Morelli and Mrs. Judy Covert assisting.

April 5, is the meeting with Mrs. Judy Covert, Williams street.

REBEKAH CHAPTER ELECTS OFFICERS

Election of new officers was a highlight of the Rebekah Chapter's annual twelve dinner held in the dining room of the First U. P. church Tuesday evening at 6 o'clock.

Hostesses for this occasion were Mrs. Louis Pondy, Miss Helen Jenkins, Miss Pearl Hutchison, Mrs. Clarence Sadler and Mrs. John Loudon, assisted by Miss Mary Pattison, Mrs. Theodore Lewis, Mrs. Orville Potter and Mrs. Carl Haug.

Thirty-five members and guests were served a delicious dinner at tables centered with spring flowers and arranged with an Easter motif in pastel tones.

President Mrs. Robert Maxwell presided at a short business session, when the following officers were elected to serve for the new fiscal year: president, Mrs. Matilda M. Miller; vice-president, Mrs. Robert A. Galbreath; secretary, Mrs. Harry Mally; treasurer, Mrs. Harriet Smith; thank offering secretary, Mrs. H. C. Dinsmore; literature secretary, Mrs. Robert Maxwell; temperance and reform secretary, Miss Pearl Hutchison; efficiency secretary, Mrs. Glen Carpenter.

Mrs. Glen Carpenter conducted the prayer cycle. No program was planned but members attended Holy Week services in the church auditorium, where Dr. Albert E. Kelly was the speaker. Dr. Kelly is chairman of the board of administration of the United Presbyterian church.

The next meeting of the chapter will be held April 17, when new officers will be installed.

JEWISH COUNCIL RED CROSS PROGRAM

The New Castle Section of the National Council of Jewish Women held their regular monthly meeting at the Tifereth Israel synagogue Tuesday evening.

This meeting was concerned with council's phase of community welfare. As the special highlight of the evening, Rev. Thomas Jones made the introductory remarks preceding the film "Volunteer 5240". This absorbing film dealt with the volunteer blood donor and the procedure that takes place. It stressed the fact of how little time is involved for the donor in doing this great service to humanity, but how vital it is for citizens in each community to make this contribution in this way. Clay Aibel of the Pennsylvania Power showed the film.

A group of nurses from the Red Cross, who graciously volunteered to conduct blood typing, were present for the meeting.

Dainty refreshments were later served by the hostesses, Mrs. Irwin Rosen, Mrs. Forrest Raffel and Mrs. Abe Cohen.

DEGREE OF HONOR TO MEET FRIDAY

Members of the Degree of Honor will gather in the I. O. O. F. hall on Friday evening, March 23, at 8 o'clock.

Mary Hawk, president, is in charge of the business meeting. There will be a memorial service and all officers are to be dressed in white. A practice will be held for the officers and drill team.

'Break In Prices' Has Arrived Says Price Stabilizer

BOSTON, March 21.—(INS)—Price Stabilizer Michael V. DiSalle says that the "break in prices" he anticipated for next summer has already arrived.

As a result, DiSalle said, the American consumer can now look forward to a "plateau of stabilized prices."

The price chief, addressing the National Industrial Conference Board, said:

"We do not intend to sit back and relax simply because of the first signs of progress."

He noted that the latest BLS market price index was nearly 3.5 per cent below the 1951 peak reached on February 16. He said additional controls are being prepared and commented:

"When these important regulations are added to those we already have issued, prices in extensive areas of the economy will be under control. We believe the American people can then look forward to the plateau of stabilized prices toward which we have been moving."

The price boss said the new regulations will affect "wholesale and retail food distributors covering 60 per cent of the items in the average family's market basket." He added that "we are at work establishing ceilings for all kinds of manufactured products."

Labor Leaders To Make Demands In Mobilization

WASHINGTON, March 21.—(INS)—Demands for far-reaching reforms in the mobilization program including much stronger price controls, will be made today

at a mas meeting of 600 labor leaders in Washington.

The delegates gathered from all parts of the country in response to a call from national labor officials in Washington. They represent AFL, CIO, and railroad brotherhood unions.

The purpose of the meeting is to launch a nationwide fireside program for a more effective price control program and to uphold labor's contention that the Truman administration is seeking to con-

trol only wages and to leave prices free to find their own level.

The meeting will be the first national unity session since the CIO broke away from other labor groups in 1935.

Try And Stop Me

By BENNETT CERF

James Stephens, author of "The Crock of Gold," probably has the finest repertoire of Irish stories extant today. An example, Tim and Mike were working on the same construction job, when Tim suddenly lost his balance and plunged five stories to the ground. Mike hurried down to where he lay and asked anxiously, "Are ye dead, Tim?" "That Ol' am," moaned Tim. Mike looked dubious. "Faith," he declared, "ye're such a liar Ol' don't know whether to believe you or not."

Tim looked triumphant. "That proves Ol'm dead, ye dirty scoundrel. If Ol' was alive, ye wouldn't dare to callin' me a liar!"

According to Jerry Wald, a high school student interviewed Gertrude Lawrence after a matinee of "Lady in the Dark" and enthused, "It's wonderful to find you so blonde and young. I always imagined you were years older and a brunette." Miss Lawrence whispered softly, "Don't tell anybody—but I am."

Irish Lassies Go 'American'

LIMERICK, Ireland.—(INS)—Some folks are worried about the influence America is having on Irish lassies.

Seems the girls in the town of Limerick are the chief offenders. Limerick is near Shannon international airport where planes land on their way to and from America.

Used to be a fine town, but now you'd hardly know it's Irish.

The girls there speak with North American drawls. They prefer juke boxes to the traditional Irish fiddlers—and horrors—there are too many bubble gum chewers!

GOOD PASTURE BOON TO LIVESTOCK PROGRAM

Maximum use of improved pasture as livestock feed means cheaper gains and more meat, and with a minimum of labor. These are some of the advantages of a good grassland farming program.

Good grass sods also mean more and better hay. When pasture is not available, good quality hay will maintain mature animals.

All kinds of livestock are natural foraging animals. Grazing gives them needed exercise, fresh air, and sunshine for health. Beef cattle and sheep can be turned out in the spring as soon as the ground dries.

Treated pastures come into production earlier in the spring and last longer in the fall. In this connection, that pasture, like other crops, requires regular applications of lime, fertilizer, and barnyard manure to replenish the soil.

The carrying capacity of grass varies according to its quality. Where intensive grazing is practiced on lush stands, rotation grazing permits grazed areas to re-

cuperate while the animals use another.

FARM LIVESTOCK SHOWS INCREASE

"Uncle Sam" has just finished his annual count of livestock and poultry on America's farms, and for the second year in a row, there is a net increase in numbers. On January 1, 1951, American farms had 4 per cent more livestock and poultry than the year before.

However, numbers are still 13 per cent below the peak of 1944.

When different species are combined on the basis of their relative economic importance, livestock numbers increased 4 per cent, while poultry declined 3 per cent. Meat animals—all cattle, hogs, and sheep—increased 5 per cent. Milk animals showed a 1 per cent increase. The number of

horses and mules continued the decline, that has been in progress for many years.

This general increase reflects the increased demand of consumers and the generally favored prices for most livestock and livestock products.

On Pennsylvania farms "Uncle Sam" found increased numbers of

cattle, sheep, chickens, and turkeys. Hog numbers were the same as a year ago. Cow numbers declined slightly, while horse and mule numbers showed a considerable drop.

Over \$3,300 Is Contributed

Easter Seal Sale Campaign Shows Good Progress

"Contributions to the 1951 Easter Seal campaign may not set any new records, but they will do a lot of good."

This was the comment today of John A. McGrath, president of the Lawrence County Society of Crippled Children and Adults. McGrath added that returns from Easter seal sales total \$3,300 with the campaign nearly three-fourths finished.

The president added that there was no set quota for the drive but that all the funds raised will be used wisely for medical care and rehabilitation work among handicapped individuals.

Seventy per cent of the Lawrence county returns will be used right here in this county. There is no office expense to cover, nor does the work of the organization duplicate the activity of any other group.

This is the first year that the newly chartered society has sponsored the Easter seal drive in the county. Results have been gratifying, but additional responses to the appeal will allow more children to go to summer camps, give medical treatment to more handicapped individuals, and will allow the county society to conduct more extensive rehabilitation programs.

Child's World Is Wonderful

Carmelita Plonka

The world that children live in is mighty wonderful. It is filled with little daydreams and hopes and joys that make the older folks sometimes wish they were school-age again. But boys and girls have their ups and downs, too, particularly when they are not feeling well. Ten-year-old Carmelita Plonka, the daughter of Mr. and Mrs. A. Plonka of 3202 S. Aberdeen, Chicago, Ill., was not feeling good recently and was just too listless to get the most out of her school days. Fortunately for Carmelita, though, her grandmother suggested that her mother give her HADACOL, because she had heard how much it was helping children deficient in Vitamins B1, B2, Iron and Niacin. Now Carmelita feels fine and her mother says she has a big appetite.

Here is Mrs. Plonka's statement: "My daughter Carmelita, who is 10 years old and in the fifth grade, had always been underweight and I had to positively force her to eat. She had no interest in food whatsoever, but I knew that she had to eat. When we were visiting my mother in Missouri over the Christmas holidays she suggested I give Carmelita HADACOL. I bought a large bottle of it that same day and was amazed at the change in Carmelita. Her appetite picked right up and she now eats three hearty meals a day plus in-between snacks. I have really praised HADACOL, and highly recommend it for everyone."

HADACOL can help you if you suffer such deficiencies. Ask your druggist for HADACOL today.

GOLDEN WEDDING ANNIVERSARY

"Who should propose the toast at a golden wedding anniversary dinner given by the children of the 'bride and groom'?"

Answer: Usually the eldest son proposes the first toast. If there are no sons, the eldest daughter should do so. The youngest grandson or granddaughter may propose another toast.

If the friend or groom's brother who acted as best man at the wedding is still alive and at the dinner, he usually makes a little speech in honor of the bride and groom or at least offers a toast. Or any other survivor of the wedding party may do this.

It is customary, when possible, to have all living members of the wedding party present if they live close by and are well enough to attend.

Question: What kind of invitations should be sent for a golden wedding anniversary—either formal or informal?

Answer: For an informal tea or evening party, ordinary letters written with a pen will suffice, or even telephone calls will be proper. Either of the following forms may be used for a formal anniversary party:

1901—1951

Mr. and Mrs. Charles Hendricks request the pleasure of your company at the fiftieth anniversary of their marriage on Saturday the seventeenth of March at eight o'clock

230 Main street, Jonesville R. S. V. D.

Or the simpler form:

1901—1951

Mr. and Mrs. Charles Hendricks will be at home on Saturday the seventeenth of March from four until six o'clock.

Body Of Missing Boy Is Found

CLINTON, Pa., March 21.—(INS)—A state game warden found the fully-clothed body of eight-year-old David Lee Haecon, floating in the swift waters of Raccoon creek near Clinton yesterday.

The game warden said the spot was about a half mile from the missing lad's nearby Murdocksville home.

David Lee had been missing since last Sunday afternoon.

North Street School Has Easter Program

Pupils of the North street school enjoyed an Easter program at the school with all six grades participating.

First and second grades, under the direction of Miss Pearl Gibbons, sang "Gracious Saviour," "They Led Him Away," "Christ the Lord is Risen" and "Fairest Lord Jesus."

Following the music there were several groups under the direction of Mrs. Margaret Hogan: three and four, "Easter Morning" and "Easter Gladness", sixes, "Spirituals", fives, "Two Hymns of Prayer for Peace", sixes, "Gethsemane", "Resurrection" with a solo by Margot Lubensky and "If I Could Have Been Born in That Garden".

Arthur H. Walker thanked patrons and teachers for interest and cooperation.

HANGOVER GUESTS
BOSTON.—(INS)—The Massachusetts Supreme Court has ruled that a person suffering from a hangover must be treated gently

where he is a guest. The Supreme Court found for the plaintiff in a \$4,000 suit against the University Club of Boston. Arthur F. McClean sued the club because he fell down while being evicted following a prolonged drinking spree. He said he was not intoxicated at the time, but was suffering from a hangover.

Pennsylvania Sixth In Milk Production

HARRISBURG, March 21.—Pennsylvania dairy farmers in 1950 retained for the state its rank as sixth in the nation for milk production, and came within 100 million pounds of being fourth according to State Department of Agriculture reports compiled by the Federal-State Crop Reporting Service.

Revised estimates give Pennsylvania 5,938 million pounds of milk produced in 1950. Wisconsin was first with approximately 15,600 million pounds, New York second with 9,000 million, Minnesota third with 8,250 million, California fourth with 6,024 million, Iowa fifth with 5,940 million, only two million ahead of Pennsylvania's all-time record production.

A federal-state round-up of the dairy situation as of March 1 indicated that prices received by farmers for milk and butterfat are likely to remain fairly steady the next few months even though milk production will be increasing seasonally. In the second half of 1950, prices will strengthen as milk production declines seasonally and consumer demand increases with the expected rise in income, the report declares, and continues:

"Prices of most grains are still below the legal minimum for established ceilings. Prices of milk and butterfat are below the average in relation to prices farmers are getting for beef cattle and hogs. This and other considerations will tend to prevent milk production from increasing.

"Rising values for dairy stock have been an inducement for saving a record number of young dairy stock in relation to mature cows, but sales of mature cows were greater in 1950 than in 1949. Dairy product-price reaction-ships have provided little inducement for a net expansion of dairy herds.

"Consumption of fluid milk and cream is continuing larger than a year earlier. Butter consumption, on the other hand, is declining and for 1951 may be only slightly over 10 pounds, compared with the pre-war level of 16.7 pounds per person. Consumption of all other dairy items is above pre-war, with some at record levels."

Anti-Subversives Law Amendment Sent To President

WASHINGTON, March 21.—(INS)—The house Tuesday approved and sent to President Truman a bill to ease the anti-subversive law to permit the entry into this country of aliens who were forced to join either communist or fascist groups when they were youths.

Final approval came when the house agreed to a senate amendment to include former communists in the category to be admitted under certain conditions.

The measure specifically asked the government to lift the ban on immigration of persons forced to join totalitarian organizations to get food cards or get a job.

It also includes persons who were brought into a subversive party by edict, and those who joined youth organizations or youths under 16 years of age.

SKI CENTER
STOWE, Vt.—(INS)—A big-time ski center is being planned for Mt. Mansfield, already the site of one of the best downhill courses in the country. Plans now being developed by the State and the Mt. Mansfield Hotel Corporation call for a 60 meter jumping hill and a cross country race course good enough for the Federation of International Skiers races.

Alarmed At Shortage Of Graduate Nurses Now

Sister Lawrence Mary, Director of Nursing, New Castle Hospital

Angels of mercy are needed more today than ever before. The need for nurses far exceeds the number practicing nursing at the present time. Every hospital in the nation is under-staffed and those here in New Castle are no exception.

Sister Lawrence Mary, director of nursing education, New Castle Hospital School of Nursing, is alarmed by the present shortage of graduate nurses. "With the world situation as it is today, the nursing profession, like many other professions, is mobilizing for national security. There is an estimated shortage of 65,000 registered nurses today and if total all-out war came, the existing supply of nurses would be pitifully inadequate," she warned.

"We need the graduate nurses who are no longer working, to return to their profession. We need more young women and girls to enter the student training program."

Sister Lawrence Mary stated that there is an active speakers bureau in the schools throughout

western Pennsylvania lecturing on the fine points of nursing and the requirements to the students that are about to be graduated. She added that during this month and the month of April, dates will be announced wherein interested students may tour the hospitals.

"Because of the many other jobs open to nurses, such as industry, public health, doctor's offices and private duty nursing, there aren't enough nurses in the hospitals to care for the increasing population. We ask the girls about to be graduated from high school to consider nursing as a profession," she added.

Sister Lawrence Mary will gladly talk to any young woman who is interested. In her words, Sister Lawrence Mary says of the nursing profession, "The greatest thing, in my mind, is the satisfaction, the spirit of giving. It is a challenge bringing out the best in every girl."

You, who are about to be graduated from high school, won't you give serious thought to nursing as your profession?

Pricing Charts Are Being Prepared For Merchants By GNCA

For the convenience of merchant members of the Greater New Castle Association, the GNCA has prepared pricing charts which will be used by retail merchants engaged in clothing, furniture and household goods sales.

According to a government ruling all such merchants must file the pricing charts by March 29 and must have an acknowledgment of the receipt of the chart by April 28. It is necessary to have the chart filed and acknowledged by April 28 in order to do business under the regulations.

Some of the member merchants have their pricing charts already. Those who do not can get them in

Police Prepare Trap To Catch Person Sending Fake Calls

Police received complaints from two women Tuesday that they had been recipients of fake telephone calls, stating their husbands had been injured and taken to a hospital. In one of the calls the person also telephoned a taxicab concern and dispatched a cab to one of the residences. Police have arranged to trap the anonymous telephonist.

Folks Of Fame

A lawyer, economist and diplomat, Lawrence A. Steinhardt was born in New York City, October 6, 1892. He was an accountant, admitted to the New York bar, and practiced until 1933, when he was appointed envoy extraordinary and minister plenipotentiary from the United States to Sweden. In 1937 he was appointed ambassador to Peru, then to the USSR, and he was ambassador to Turkey from 1942-45. His next post was Czechoslovakia, then Canada in 1948. He died in an airplane crash in Canada, March 18, 1950. Ex-Empress Zita of Austria was born in Bourbon-Parma, and married in 1911 to the heir presumptive to the Austria-Hungary

throne. Her husband succeeded to the throne in 1916, at a period of extreme difficulty. He was forced to renounce participation in the government of both countries, and when Austria was declared a republic, the family went to Switzerland, and finally to Portugal, where her husband died in 1922. She and her several children then came to the United States, where she still lives.

Income Tax Evasions Are Under Probe

WASHINGTON, March 21 — (INS) — A House subcommittee started today to investigate income tax evasion tactics of 126 men named as the "elite" among some 2,500 underworld figures whose tax returns are under government scrutiny.

The investigating group was supplied with a list of the 126 names by the Internal Revenue Bureau, which described them as the underworld's "elite." Included in the list are Frank Costello, Frank Erickson, and three brothers of the late Al Capone.

Costello is the star witness in the New York sessions of the Kefauver Senate Crime Committee and Erickson is a convicted New Jersey bookie. Ralph Capone, named with his brothers John and Matthew, is currently being prosecuted on a tax charge.

Also included on the list, which the Revenue Bureau has turned over to the Justice Department, are Joe Adonis, Mickey Cohen of Los Angeles and Jack Guzik and Tony Accardo of Chicago.

SAFETY MADE GRAPHIC

BOSTON—The Boston Museum of Science staged an X-ray exhibit to illustrate the need for highway safety. One X-ray, for instance, showed the jagged and splintered edges of a fractured skull as evidence that the skull of a neurosurgeon may not be enough to cheat death and accomplish what a moment of caution would have done.

CHRISTMAS IN MARCH FOR KOREAN YOUNGSTERS

OFF DIET WAGON

LONDON—Irene Dunne dieted for her figure, back in the United States where food is plentiful. She broke her diet when she got to England, where food is rather short.

At a luncheon in her honor, the

Hollywood star happily ate lobster, rice, chicken, strawberries and cream and ices. She is over here to play Queen Victoria in a film called "The Mudlark." "The more I eat," she explained, "the easier it will be to make me look like the old lady."

Take football, for example. Some players get as high as ten thousand dollars for playing on some college teams. But what is done about it? What we need is a law enforcement agency, a machinery comparable to Judge Landis in baseball.

R. G. Marke, 410 East Garfield avenue, received city permission yesterday to remodel a porch at that address which will cost \$150.

A boy suspected of having fired air-gun bullets which broke windows during the past several days, in East Long avenue and Clearview avenue, has been ordered to report at police headquarters for inquiry, Saturday morning.

Say, He Spent Weekend Trying To End Own Life

CHICAGO, March 21.—(INS)—A man who told police he spent a busy weekend trying to commit suicide is recovering today in Chicago's Bridewell prison hospital.

Officers said Emil Premas, 58, who claimed earlier that he was wounded in a holdup admitted yesterday that he shot himself in the chest Saturday night, lay down to die, and lost consciousness.

Premas said he awakened Sunday and shot himself again that night. He was taken to the hospital Monday after he told a relative he was "sick."

Two Small Fires Occur On Tuesday

Firemen were called out twice over the past 24 hours for small fires, in which no damage occurred.

At 12:03 a. m. today, a still alarm summoned No. 5 department to the Bozak home, 406 Denver avenue, where a small fire was found in some rubbish in the rear of a furnace in the cellar. No damage was reported.

At 1:30 p. m., Tuesday a still alarm sent Central firemen to the home of Rose Bazley, of 111 W. Lawrence street, where a leak in a gas pipe ignited. It was out on arrival and no action was required of firemen.

JURY BELIEVES FINGERPRINTS

WASHINGTON, March 21 — (INS) — A Washington jury believes that fingerprints are more truthful than Willie Evans.

Wilbert G. Evans, 25, appeared in municipal court on charges of driving an automobile on a revoked operator's permit. He allowed as how the same thing had happened before and it was the fault of his twin brother, William, who was always getting into such scrapes.

A fingerprint expert was called and testified that the prints of both William and Wilbert, taken in previous arrests, were the same. The jury said guilty and the judge said five days.

Meat Packing Unions Meet To Plan For Strike

CHICAGO, March 21.—(INS)—Strategy meetings of the two big meat packing unions are scheduled for tomorrow in Chicago to draft strike plans in their fight to gain government approval of an 11-cent hourly wage increase won from three major companies.

The meetings of the AFL-Amalgamated meat cutters and the CIO packing house workers will be separate but co-ordinated.

Next Monday previously was set as a tentative strike date and workers in Chicago and Omaha have voted in favor of the walkout by large majorities.

Labor Leaders Make Charges

By FELIX COTTEN

WASHINGTON, March 21.—The nation's foremost labor leaders charged today that the Taft-Hartley Labor Act is being used by "big business" as a club to force a rigid ceiling on wages.

This accusation was made by AFL President William Green and CIO President Philip Murray at a mass meeting of 600 union representatives called to launch a campaign for far-reaching reforms in the controls program.

A. J. Hayes, president of the International Association of Machinists, assailed the administration's tax proposals and contended that the additional tax burden should be shifted more to higher income groups and that tax "loopholes" should be closed.

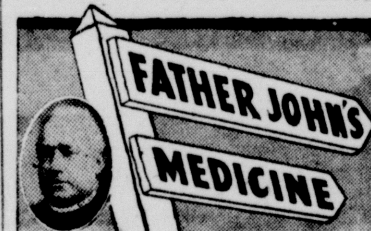

Green declared that business representatives have taken the position that the government should use Taft-Hartley injunctions as a club to "force protesting workers into submission."

He insisted that "great wrongs" have been perpetrated against the people, and that rising living costs constitute a "wholesale indictment" of existing defense policies.

Green declared the time has come for "an all-out effort" to strengthen the defense program and steer it clear of pitfalls.

Tuberculosis control program in the United States is estimated to cost more than \$350,000,000 a year.

Chief H. Steinbrink Speaks To Wolves

Fire Chief Herman F. Steinbrink addressed members of the Wolves club, Tuesday evening at their regular dinner-meeting held at The Castleton.

"Fire Equipment and Fire Prevention," was Mr. Steinbrink's subject. He stressed the importance of having food equipment and expressed the hope that New

Castle may get additional fire equipment. He spoke briefly on the causes that started many of the large local fires; and the prevention of such fires in the future. An open discussion took place afterwards. His talk was well received by the group.

President George Scarazzo was in charge of the meeting. It was announced that the Wolves Fathers and Sons banquet is slated at the Castleton for Tuesday, April 3. The usual bowling session later was enjoyed by the group.

Around Hollywood

By JAMES PADGITT
(International News Service Staff Correspondent)

HOLLYWOOD, March 21.—Wendell Corey interrupted a siesta in Uruguay to mush with a dog team in "The North Country" for M-G-M and now he can't wait until he goes down South American way again.

The actor said that he had the time of his life on the film junket to Montevideo for the Uruguay film festival.

"They really live down there," says the rangy Corey. "They don't have any income tax and they can care for more sheep and cattle on a couple of acres than we can on a hundred."

Corey flew down to Uruguay with Patricia Neal, Joan Fontaine, the John Doreks, Evelyn Keyes and Florence Marly. Corey flew back again for a co-starring role in "The North Country," based on the life of Canadian Northwest Mounted Police Constable Pedley.

No Twin Beds

"The first day that my wife and I appeared at the hotel for our room, I wondered if the movies are a blessing or not," said Corey. "The hotel manager came out, full of apologies and said that all he had for us was a room with a double bed. I told him that we preferred a double. This statement seemed to amaze the manager as he had gathered from the movies that Americans slept only in twin beds. They have to in the movies, you know, because of censorship."

They are shooting "The North Country" and rugged Galena Pass, Idaho. Corey, Stewart Granger and Director Andrew Marton and his crew are toiling away in the deep snows for the next two weeks. Corey and Granger will be called upon to mush along with dog teams, shoot rapids, fight off wolves and scamper out of the way of a buffalo stampede.

Other Business

The Idaho shooting comprises only a fourth of the picture, but when the sequences are completed, the small company disbands until summer when they resume the

picture at the same time and in its natural locale, Canada.

Reason for the interruption is that Granger has to fly over to Tunis and Sicily in a few weeks to do exteriors for "The Light Touch" in which the Italian sensation, Pier Angeli, is co-starred.

Corey also has another commitment. He is due at Republic studios for "Wings Across the Pacific," an aviation thriller about B-29s.

MOST PERFECT LEGS

John Vogel, famous as a portrait painter of movie stars, singles out Julia Adams, the young actress in Universal-International's "The Hollywood Story," as having "the most perfect legs in the United States."

Vogel, who has immortalized such beauties as Betty Grable, Gene Tierney, Joan Crawford, Elizabeth Taylor, Merle Oberon, Lena Horne and a host of others on canvas, insists that 90 per cent of American women are either knock-kneed or bowlegged.

"I have observed women's legs all over America, on the stage, at beaches and on the streets. Most of these 'perfect leg' titles you read about are myths born in the minds of press agents and made possible by posing ladies' legs at flattering angles. How many bathing beauties can place their feet together and display straight, symmetrically proportioned legs? Not one in a thousand!"

Roxbury Citizens Want Dawes Given Credit With Revere

BOSTON, March 21.—(INS)—Paul Revere and William Dawes are long gone from the Boston scene, but the feud over whose contributions to American history were the more important still rages.

Down through the years, aided by the efforts of poet Henry Wadsworth Longfellow, Revere has had most of the glory resulting from the ride to Lexington and Concord to warn of the approach of the red coats.

Citizens of Roxbury, where Dawes started on a similar warning ride, want their man credited for the famed minute man ride.

Rep. William A. Glenn of Roxbury announced today he will file a bill in the legislature seeking a memorial to dawes as the real hero.

This announcement followed a failure of the city council to

carry through an order for a \$57,000 monument to Dawes in Eliot Square, Roxbury, although a similar monument to Revere was erected in the north end. The original order was directed at trustees of the George Robert White fund, who said the fund did not have sufficient money for the project.

Glynn declared: "I will file legislation for the state to appropriate the money for the statue. If it doesn't get by this legislature, it will be submitted again at the next session."

To Elect G.N.C.A. Directors Soon

Ballots for the election of directors in the Greater New Castle Association will be mailed to members Friday, March 23.

The ballots must be returned by Friday, March 30, when they will be counted and the returns announced. Directors will be elected for each of the 17 divisions of the association.

Russia Makes Demand For German Ships

WASHINGTON, March 21.—(INS)—Russia on Tuesday sent the U. S. a note demanding 13 German merchant ships which the Soviets claimed they are entitled to under recommendations of a tripartite commission.

The note, delivered to the state department by the Soviet embassy,

complained that the Russians have not received desired information on the report and recommendations on Dec. 4, 1947, of the tripartite commission "on the distribution of the ships of the German merchant fleet."

U. S. officials indicated that the Russian demand would be rejected.

In the note Moscow complained that more than two and one-half years have passed since presentation of the three-power commission report.

RAISING YOUR OWN MOTHS

Spring is upon us, and it can bring all sorts of interesting activities for children. Here's one that you and the children can work out together.

On the still-bare twigs of trees in the woods and in the parks, careful search will reveal cocoons that before long will split open to let a colorful moth emerge. One can carefully remove a few of these cocoons and take them off home. Here they may be hung from the top of a small wire cage until the time when the moths will be "born."

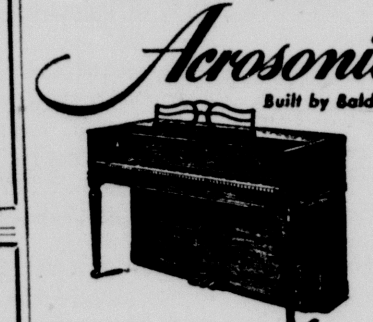

What fun it is for youngsters to keep on the alert for what is going to happen! And how interesting to find out just what sort of a moth will come out!

After watching the moth's wings gradually dry out and become the beautiful things they are, most children will want the insects to fly away. If, however, youngsters are collection-minded, the moths can be kept and mounted after they have been killed in a "killing jar" obtainable from scientific-equipment houses.

Pennsylvania R.R. President Asks For Rate Increase

PHILADELPHIA, March 21.—(INS)—Walter S. Franklin, president of the Pennsylvania railroad, called today for an increase in freight rates and charges over and above the two to four per cent temporary hike recently granted by the Interstate Commerce Commission.

His statement in the carrier's annual report cited increasing wage and material costs as the cause for seeking freight rate boosts above the six per cent increase requested by the carriers.

"Earnings for 1951 will depend largely on the extent to which increases are permitted, and will be adversely affected by the lag between increased costs and the approval of increased rates by the regulatory authorities," he declared.

The railroad's net income for last year was \$38,420,677, largest since 1945, but Franklin explained that "the earnings from operations for the year were disappointing".

The report pointed out that for the second straight year the PRR had recourse to "other income" in order to present a good earnings picture. Franklin said earnings should improve this year if "the necessary increases in rates" are approved and if there is a "reasonable settlement in the present wage negotiations".

SKIN CARE

Some of us seem to think that the skin is like a cellophane bag. It is supposed to cover up all the important things under it and that is all.

The wise boys with the little black bag say that it is the most wonderful of all the organs of the body.

Skins seem to vary just like dispositions and appetites and tempers and girls. What one skin likes, another one can't stand.

One skin must be washed at least once a day to keep itself and its contents feeling good.

Another skin isn't so much for the water. It gets blue and chilly and don't feel so good.

Troops And Tanks Patrolling Tehran

TEHRAN, March 21.—(INS)—The streets of Tehran, decked with flags in observance of the Moslem New Year, were patrolled today by Iranian troops and tanks carrying out yesterday's order for two months of martial law.

The city remained calm under a midnight to 5 a.m. curfew ordered under martial law. The order for martial law followed the attempted assassination Monday of Dr. Abdul Zanganeh, president of the University of Tehran. Premier Gen. Ali Razmara was assassinated two weeks ago.

Telephone, telegraph and postal workers who declared a strike yesterday in the city agreed to return to work when they were promised payment of back wages.

Meanwhile most government departments as well as market places shut down for a five-day period in observance of the new year; newspapers will not be published for a week.

Says Crime Probe Witnesses Should See Psychiatrists

PHILADELPHIA, March 21.—(INS)—Some of the witnesses before the Kefauver crime committee may do well today to see their psychiatrists rather than their lawyers.

Dr. Lauren H. Smith, administrator of the psychiatric department of Pennsylvania hospital, and president of the American Psychopathological association, said he has been studying the faces

and emotions of the witnesses by television. His diagnosis follows: "Reflected in many of those faces are the roots of the worst kinds of mental illness."

"These men, many of them, are anxious and fearful and uncertain. They must take from the community to satisfy those fears and to achieve aggressive dominance which insecure childhoods, lack of charitable upbringing and early uncertainties inspired. They do not have purposeful and satisfying lives."

His findings apparently did not include kinsman Frank Costello, who refused to have the TV cameras focused on his face.

Dr. Smith was chief army psychiatrist in eight western states bracketing the Ninth Service Command during World War II.

President Truman Takes Cruise To One Time 'Devil's Island'

U. S. SUB BASE, Key West, Fla., March 21.—(INS)—President Truman cruised today to America's one time "Devil's Island" in the Dry Tortugas. A century ago luckless political prisoners speared their last days there in the dungeons of mosquito-infested, yellow fever-ridden old Fort Jefferson.

The President spent his last day of vacation sightseeing, confident that he had laid the groundwork yesterday for bringing peace in the controversy with labor over defense mobilization policy.

Mr. Truman spent yesterday morning in conference with Economic Stabilization Director Eric Johnston on the labor problem.

Mr. Truman boarded the destroyer Sarsfield at 7:30 o'clock this morning for the 65-mile cruise to the Dry Tortugas Islands that lie to the west of this string of keys.

The destroyer escort Coolbaugh provided an armed escort, and enroute the President watched the two warships go through anti-submarine defense exercises.

Ranger Company
Is Undergoing
Stiff Training

FORT BENNING, Ga., March 21.—(INS)—The recently activated Ranger division of the 28th Infantry division is undergoing stiff training today at Fort Benning.

Patterned after the ranger companies of World War II, the 28th division "bloody bucketers" will have as their primary mission the infiltration of enemy lines.

At Fort Benning the group will learn to use bayonets, knives, garrots and blackjacks and small firearms. Each new ranger will be required to make eight parachute jumps under combat conditions.

TAKE PART IN EASTER EGG HUNT

—New Castle News Photo

Brownies of Troop 71 seem interested in the camera as much as in the basket of the Easter Bunny during an Easter egg hunt at the Highland school on Tuesday afternoon. Ten-year-old Donelle Bullano played the part of the Easter Bunny for the Brownies.

Snow or sleet, rain or no—regardless of the weather—the Easter Bunny made a premature visit Tuesday afternoon. He brought laughter and gaiety, fun and a lot of Easter eggs when he romped with the Brownies of Troop 71, of Highland avenue school.

At 3:15 p.m., about 20 Brownies averaging seven years of age gathered at school for the annual Easter egg hunt. For a short time, the hunt was held in the snow outdoors and a few of the eggs were found.

Due to the wet ground and inclement weather, the hunt was later continued inside. An Easter Bunny store was "opened," as a special feature.

Miss Easter Bunny in the person of Donelle Bullano was attired in her Easter Bunny suit of soft, pink fur with white fuzzy ears. The suit was made by her mother, Mrs. John Bullano.

The Easter Bunny distributed the beautifully colored eggs to the Brownies before they played an unusually clever game. The game consisted of each Brownie trying to find bits of varied-colored paper, hid within the room.

County Council
Parent-Teachers'
Business Meeting

County council P. T. A. members met at the Y. W. C. A. recently, with Mrs. Hunt, president, in charge of business.

Mrs. Bulisco of the Shenango-Taylor P. T. A. introduced Jerry Pander, who presented special music for the group. The Pulasik unit, under the direction of Mrs. Cross and Mrs. Taylor, presented a radio broadcast by station "S. K. I." Due to the weather conditions, several of the group were unable to be present.

Mrs. Hunt checked with each unit concerning by-laws, yearly programs, national building fund, council dues and memberships. Shenango township unit is nearing the 400 mark in membership. This gain is largely due to Mrs. DeChant, president, along with her active committee chairman and the co-operation of the teachers and principal. Many interesting programs and projects, have been carried out under her direction.

The Union township unit is nearly tripled this year, with nearly 200 enrolled. Mrs. V. J. Connerly is president of the unit. Several units were unable to report.

To Elect Officers

A nominating committee was elected to prepare a ballot for the election of officers on April 16. This group includes Mrs. Carl Phillips, Union township chairman; Mrs. DeChant, Shenango; Mrs. Donald Allen, Slippery Rock; Mrs. Paul Bees, Walmo; and James Dight, Hickory.

Mrs. Hunt announced that a special meeting of the executive board, along with the unit presidents, will be held March 26 in the Y. W. C. A. lounge at eight o'clock. A meeting of the nominating committee will precede the executive meeting at seven p.m.

Plans are in progress to entertain the spring training conference of the southwest district P. T. A. to be held in New Castle on April 21. Mrs. Kenyon Nicholl, district president, plans to visit New Castle in the near future to complete plans for the conference. Last year's meeting was held in Washington, Pa., with nearly 1,000 in attendance.

While many are to attend as appointed delegates from each unit, it is hoped that more will take advantage of the opportunity to attend some of the sessions.

Easter Party Held
By School Pupils.

First and second grade pupils of North street school were delightedly entertained at an Easter party Tuesday afternoon at one o'clock.

Under the direction of the faculty, the party was held prior to a program presented in the auditorium for parents of the children.

Faculty members were: Mrs. Garnetta Shoaf, Mrs. Bernice Sheffer, Miss Mable Dickey and Miss Pearl Gibbons.

The colorful table was enhanced with a huge nest of colored eggs being used as a centerpiece. Hand decorated Easter baskets added to the gay festive air, and as a lovely token each girl present at the party received a basket.

After a fun period filled with informal pastimes the children enjoyed delicious refreshments served buffet style at the table.

The dark hours are 28 per cent safer than daylight in respect to total number of traffic accidents.

New Wilmington
Red Cross Fund
Totals \$875.00

New Wilmington boro., under the chairmanship of Mrs. Earl E. Mercer, has completed its annual Red Cross solicitation with a total of \$875. This is a splendid response, and Mrs. Mercer stated that she had received fine cooperation among her co-workers and the townspeople.

Mrs. Mercer had as her co-chairmen Mrs. Carl Muth and Mrs. Laurence Thompson. Responding to the increased need of the Red Cross in the 1951 appeal, New Wilmington residents increased their contributions by 36 per cent. If each division could increase their solicitations accordingly, the goal of \$52,000 would be readily obtained, stated L. J. Lewis, fund chairman. Mr. Lewis and county division chairman Andrew M. Dadds, extended high commendation to Mrs. Mercer and her workers.

May Seek To Force
Democratic Leaders
To Give Testimony

By CHARLES B. SEIB

(U. S. Staff Correspondent)

WASHINGTON, March 21.—Senate Republicans coupled their campaign to abolish the Reconstruction Finance Corporation today with a drive to force appearance of high Democratic officials before influence probes.

Opening gun in the RFC abolition movement is to be fired by Sen. Hendrickson (R-N.J.), who is leadoff witness at a Senate Expenditures Committee consideration of a resolution by Sen. Capehart (R-Ind.) to reject President Truman's plan to put RFC under one-man rule.

As the hearing opened Capehart denounced the President's proposal as amounting to a "dictatorship" for the agency which issues billions in government loans. He said that under a one-man administrator, the RFC would be "even more of a haven for influence peddlers than it is now."

Capehart disclosed that he has turned over to chief investigator Theodore Herz information on some loans which "could well become big cases" in the "influence" probe.

Capehart also predicted that there would soon be a showdown in the Fulbright subcommittee on whether to force presidential aide Donald Dawson and Democratic National Chairman William Boyle to testify.

Somewhere along the line, the underlying purpose behind sports —to promote good, clean fun—has been scuttled. So be kind to the referee. He's doing the best he can. And because of his experience, it's better than you could do.

PIN-WORMS
GO! Gets Real Results

Fidgeting, nose-picking and a tormenting rectal itch are often tell-tale signs of Pin-Worms... ugly parasites that medical experts say infect one out of every three persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for Jayne's P-W Vermifuge... the small, easy-to-take tablets perfected by famous Dr. J. D. Jayne & Son, specialists in worm remedies for over 100 years.

Fake Calls Sent
To Coal-Dealers

Four coal dealers reported to police that early this morning they received fake calls. The anonymous persons, a male, ordered a ton of coal delivered to different places without the knowledge of the property-owner.

Fake telephone calls have been received from both a woman and a man by numerous persons during the past several days.

ROBBED FOR THIRD DAY

PITTSBURGH, March 21.—(INS)—Burglars with one-track minds last night robbed a Pittsburgh religious supply company for the third time in three days.

Merchandise and office equipment worth \$1,800 were taken by the thieves, who used the same window as a door in all three burglaries.

Entering the store again last night, the thieves took two more typewriters and additional merchandise, but returned an adding machine taken during a previous visit.

"It wasn't a very good one," a company official said.

Plan Red Cross Report Meeting For Thursday

RED CROSS CAMPAIGN
Goal \$52,000
Subscribed 27,874

Need \$24,126
Lawrence County Chapter of the American Red Cross passed the half-way mark at the report meeting last Friday, and now need \$24,126 to reach the goal.

The next report meeting is Thursday noon at the New Penn hotel and all workers are urged to make their reports to their reports to their respective division leaders not later than 11 a. m. tomorrow. Two divisions, the Public Schools and Railroads, have already gone over the top and Fund Chairman L. J. Lewis hopes that other divisions will approach or pass their quotas at Thursday's report meeting.

\$52,000 Minimum Goal

Chairman Lewis said he could not emphasize too strongly that \$52,000 is a minimum goal. The Korean war has greatly increased the financial needs of the Red Cross far beyond the original estimates of the National Red Cross budget of \$85,000,000. In addition is the need to train millions of citizens in first aid, 700,000 in home nursing, and over 100,000 nurses' aides. The Red Cross is also procuring several million pints of blood to process into plasma for the armed forces and for civilian defense stockpiles.

Marine Urges Aid

Recently a Lawrence County marine in Korea wrote to his folks here and told them to be sure and make a contribution to the Red Cross fund campaign. He stated that the Red Cross has been wonderful in his division in giving them free cigarettes, stationery and entertainment that has helped to clear up a lot of battle fatigue. He also urged everyone who could to donate blood as he had been an eye witness to many of his buddies being saved with whole blood provided by the Red Cross.

Draft Call For April Announced

Lawrence county's two Selective Service Boards, No. 86 which includes the county outside of New Castle, and Board 87 for the City of New Castle, have been asked to furnish 49 men in the April call, the smallest number to be called up for military service since the war started in Korea last June.

County Board 86 has been asked to send enough men to Pittsburgh for pre-induction physical examination early next month to supply 33 men, while City Board 87 has been called upon for 16.

Local Board 87 will send its March contingent to Pittsburgh for induction on March 28, it is announced.

To light the average home for a year, 600 pounds of coal must be burned in a powerhouse boiler.

SCRAP SHORTAGE WORSE

WASHINGTON, March 31 — (INS)—A national production official says that iron and steel scrap shortages are getting progressively worse. The spokesman said the tightest supply situations are in the Ohio Valley and eastern Pennsylvania. Some steel producers in those areas have less than a week's supply of scrap.

Sam Frank Named To Be Graduation Party Chairman

Samuel Frank, local business man, will head the committee of parents in charge of the graduation party for the 1951 high school seniors.

At a meeting of parents of the 1951 seniors held in the offices of the Greater New Castle Association, Tuesday night, Mr. Frank was named as general chairman and the plans for the party are under way.

Mr. Frank said today the first step will be to confer with the officers and students of the graduating class in order to get their ideas

as to how the party should be conducted, what is wanted and what can be done.

Before calling the meeting of parents a committee conferred with Superintendent Frank L. Burton on the proposed party and tentatively it is proposed to pattern the party something after the general plan of the 1950 party. The 1950 graduates were given a party in the Cathedral at which a famous name band played, vaudeville acts were presented and prizes awarded.

Within the immediate future Mr. Frank expects to name his committees and get the plan working.

Steel For Defense Problem Is Met

NEW YORK, March 21—(INS)—Irving S. Olds, chairman of the U. S. Steel Corp., declared today in his report of 1950 activities "no enemy could present any real problem to this nation so far as steel for defense is concerned."

Commenting on the important milestone passed by the American steel industry last year—the 100-million-ton capacity mark — Olds continued:

"That fact can be of deep satisfaction to the American people in these uncertain times."

He added: "One hundred million tons of steel is 47.2 per cent more than was produced by the Amer-

ican steel industry in 1939 when World War II was starting. It is about 12 per cent more than the peak wartime production of this country in 1944."

Olds said the 100-million-ton capacity is about three times the estimated steel production of Russia and its satellite countries in 1950. He estimated it equalled the capacity of the rest of the world combined.

Lions And Sons Enjoy Program

Fine Program Is Presented Tuesday

Tuesday was father and sons day with the New Castle Lions club, and one of the biggest turnouts of boys in the history of the club was noted, the audience being an enthusiastic one.

A two-part program was presented. Boy Scout Executive J. C. Hildebrand speaking on the various ages of man, in which he outlined the different characteristics manifest at different ages.

He likened life to that of a fire, the slow start being early youth followed by the height of flame, in early manhood, when the fire flares the highest, then with middle age, he compared it to the steady flame, gradually dying down as life neared an end to the glowing embers, finally ending in the ashes of the fire as death occurred.

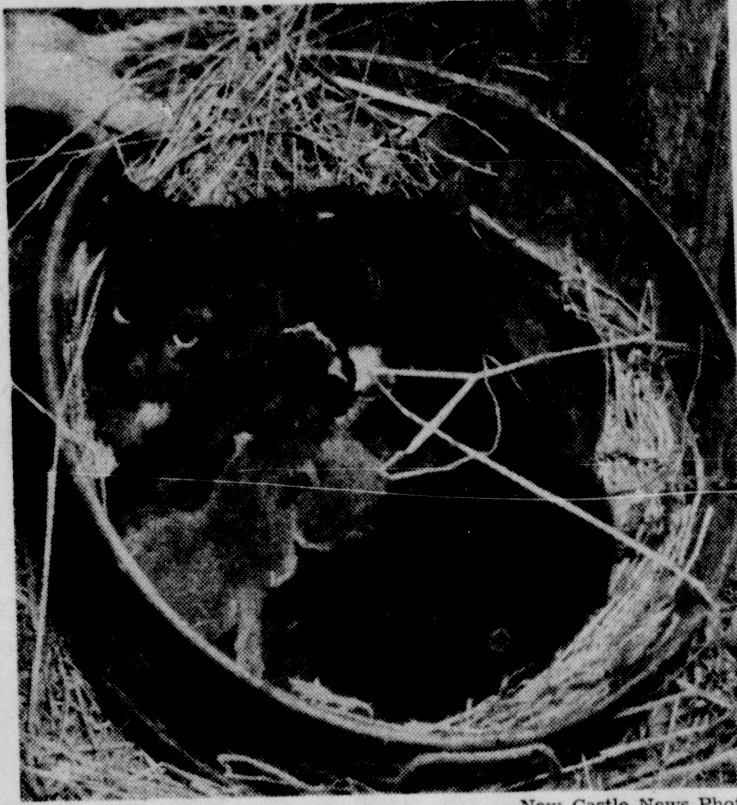

When a building burns, a tremendous waste of energy occurs, and this flame if harnessed, he stated, could accomplish a great amount of good. So it is with the flame of life, he said. If it can be directed into the proper channel, man's life can be worthwhile and useful.

Larry Firster entertained the group with some tricks of magic which really had the boys up in the air, guessing how they were going to turn out, and like all successful magicians, he proved to the boys that the hand is really quicker than the eye.

Around 60 boys were in attendance, past president Dr. W. E. Flannery having the most sons present with four.

It was announced that the directors of the club will have a luncheon meeting Thursday noon in the Castleton.

MOTHER CATS SHARE DOMESTIC LIFE

Two mother cats share their domestic life in this metal bushel measure on the Donald Rice farm at Leesburg. They are pictured here nursing the five kittens that they share with each other. One cat had four kittens and the other had one.

Everyone knows that mother love is about the strongest love in the world and yet mother love sometimes causes strange things to happen. For instance, the case of five kittens.

A mother cat, call her Belinda, had four kittens, everything normal in a natural manner. She loved those kittens and took care of them as only a mother cat can.

Belinda had a friend, call her Melinda. Melinda watched Belinda loving her kittens and listened to her purring their praises. Melinda also felt the stirring of mother love. Two days later she proudly added a kitten to the four kittens already in the small

tub they had appropriated for their bed.

Puzzling as it sounds, it is even more puzzling to watch Belinda and Melinda and the five kittens. Which belongs to which?

Belinda mothers her own kittens and Melinda's kitten too. Melinda mothers her kitten and also Belinda's kittens.

The two mother cats with the five kittens that are so snug in their tub are in the barn on the farm of Don Rice, Volant R. D. 1, Leesburg.

Declares U.N. Troops Can Go Anywhere In Korea Any Time

By CECIL BROWNLOW (U. S. War Correspondent)

ON THE WEST-CENTRAL KOREAN FRONT, March 21.—(INS)—Col. Marcel Grombez, stocky, square-jawed commander of a U. S. regiment, declared today that United Nations forces can "go anywhere in Korea at any time."

Leading his troops in pursuit of Chinese and North Korean Communists, the Portland, Ore., officer said:

"With our forces we can go anywhere in Korea at any time. We've got the blue chips in our pockets. With our manpower, equipment and American know-how, we can advance any place at any time."

"That's why the Chinese are retreating. They know they can't win this war. There aren't enough Chinese in China to win it."

"We're in a very enviable position now. Even if they should try an offensive, we'll catch them."

Honor Officers Of Consistory

Annual Dinner Held By Legion Of Honor

Officers of the coordinate bodies of the Valley of New Castle Consistory were guests of honor at the annual dinner given each year by the Legion of Honor, which was held in the Cathedral Tuesday evening.

Judge John G. Lamoree was the speaker of the evening, giving his famous address on "Mr. Average American," in which he pointed out the importance of the average man in the development of this country and of his importance in the world of affairs today.

Orville Potter was toastmaster, and did his usual fine job. He called upon Rev. Thomas J. Jones for the invocation and Rev. Jones also gave some remarks during the evening.

Commander Robert L. Pearsall welcomed the guests and introduced the officers of the Legion of Honor, and the officers of the consistory were introduced by Toastmaster Potter. First Lieut. Commander Potter, First Lieut. Commander in Chief, Ill. John H. Templeton responded in behalf of the officers of consistory and thanked the Legion of Honor for their splendid support of the parent organization.

Arrangements for the evening were in charge of General Chairman Ill. C. C. Sweesy, past commander of the Legion of Honor, with the dinner being supervised by Clyde D. Badger and Earl C. Moffatt. Tickets were in charge of Senior Vice Commander James A. Hewitt.

Central Christian Easter Observance

Special services in observance of the Easter season have been planned for the Central Christian congregation. Communion will be observed today at 7:30 p. m. in the church. On Good Friday the members will join with the Southside churches in the Congregational church for a three-hour service.

On Easter Sunday the young people will have charge of a sunrise service at 6:45 o'clock. An Easter breakfast will be served at 7:30 a. m. by the Homebuilders' class.

Miss Alberta Scriven will sing "Alone" as a solo during the Bible school hour at 9:45 a. m. Miss Marlene Glass being her accompanist. Mrs. Mary Lewis will also sing "Open the Gates" with Miss Evelyn Bernine as accompanist.

The Easter story will be given at the worship service at 10:45 a. m. by the choir with Dave Lewis as director and by the pastor, Rev. James N. Rainey. Communion will also be observed. Baptism will be observed at 7:30 p. m. service, when special music will be a feature.

A. T. Lewis Dies At Parsons, Kan.

A. T. Lewis, father of Miss L. Ruth Lewis of the Benjamin Franklin junior high school faculty, died in his Parsons, Kansas, home Tuesday afternoon, March 20.

Miss Lewis was called home several days due to the falling condition of her father and death occurred yesterday.

Mr. Lewis was at one time a resident of New Castle and for many years was engaged in the insurance business, being associated with the Metropolitan Life Insurance Company here. He has been retired for some years.

Funeral services will be held Thursday afternoon, March 22 from the family home at 1530 Stevens street, Parsons, Kansas.

Plan Communion At Greenwood Church

On Thursday evening, at Greenwood Methodist church, of Energy, the pastor, Rev. G. Edward Shaffer announces there will be a candlelight communion service, at 7:45 o'clock.

Clendenning Was Injured Saturday

Report of the accident to Paul Clendenning, of 17 N. Wayne street, which was published Monday, in The News, gave the wrong date on which Mr. Clendenning was hurt, his employer Ben Wise, local contractor states.

Mr. Clendenning was injured on Saturday afternoon, when the rung of a ladder on which he was working, broke, hurling him to the ground below. He did not go to the Jameson Memorial hospital for treatment until Sunday morning, however, when he was admitted for treatment. This led to the belief that the accident occurred on Sunday.

Highland P.T.A. Hears Major Curley

Members of the Highland P.T.A. met at the school on Tuesday evening at 8 o'clock. President, Frederick Boley, led the group in singing "America" and conducted the business meeting. On display was the set of Encyclopedia Britannica Junior bought for the school by the unit.

Plans were discussed for the forthcoming "Spring Carnival" to be held May 26.

James Cavill, program chairman, introduced Major Waldron Curley. This was the second consecutive meeting that Major Curley has spoken to the group on the atom bomb and its effects. His talk pertained to "The Parents' Responsibility Under Atomic Attack" with a period of questions and discussion following.

Mr. Cavill introduced R. Reed

from the American Red Cross who had with him a film entitled "What Would You Do?" It was shown by the fourth grade teacher, Mrs. Helen Leonard. After the film Mr. Reed signed up members interested in forming a First Aid training class.

Miss Matheny's first grade class was the winner of the class treat for having the most parents present. A delicious lunch was served by Mrs. Louis Hazen and her committee. The hostesses included the fourth grade mothers, Mrs. Ben Finkel, chairman, Mrs. M. Becker, Mrs. Norman Long, Mrs. Doyle Birney, Mrs. George Weinschenk, Mrs. Paul Brown, Mrs. Charles Danford, Mrs. Ralph Campbell, and Mrs. Leslie Pinney.

The next meeting will be held Tuesday, April 17, at 8 o'clock at the school.

Business Heads Named For '51 Cancer Crusade

The Lawrence County Unit of the American Cancer Society has named Alvin D. Shenkin of the Hane Furniture Company and Paul F. Butz of Butz Flowers co-chairmen for the business district of the city. It was announced today by Mrs. Blake H. Waldo and Mrs. Edwin O. Feass, campaign co-chairmen of the crusade for funds to be started here April 1.

Business men and women have always been reliable supporters of the cancer society, giving liberally of both their time and money to hit back at an enemy that can and does strike anywhere and at any time.

The primary objective of the American Cancer Society is to find the cause, control, prevention and cure of cancer. Through its local county units it makes a tireless effort to educate the public to recognize cancer danger signals—urging periodic examinations by personal physicians or through the cancer detection centers. Provision is also made for furnishing surgical dressings, home care and transportation for the indigent cancer victims in this county.

Sees Signs That Russian People May Join Revolt

WASHINGTON, Mar. 21.—(INS)—Sen. Robertson (D) Va., told the Senate Tuesday there are "signs" that the Russian people may revolt against the Red dictatorship and America should assure them of help by sending troops to Europe. The Virginia Democrat announced that he would vote for the pending troops-to-Europe resolutions and said:

"I believe that we today can see signs that the Russian people are growing restive under the Soviet dictatorship, as they did under the autocracy of the Czars."

"I also believe that we have the alternative of helping wavering democracies which are up against the Iron Curtain to hold fast and of letting the people of Russia know that whenever they can throw off the bonds of oppression, sympathetic hands will be stretched out to help them."

Robertson said that many of the elements which produced the Russian revolution of 1917 "still exist in Russia today and can form the basis for a new uprising."

The Senator spoke as the troops debate resumed with administration leaders finding no hope of reaching a vote in time to permit a full-scale Easter recess.

Damage Suits Filed Against Two Coal Companies For Fumes

SCRANTON, Pa., March 21.—(INS)—Twenty-three residents of nearby Taylor borough have filed damage suits amounting to \$575,000 from two coal companies for deadly fumes from two burning culm dumps in the community.

Named defendants were the Glen Alden and Moffat Coal companies.

Attorney Raymond T. Law, counsel for the plaintiffs, charged many of the petitioners were made ill and their properties suffered extensive damage.

The Moffat Coal company leases the lands on which the dumps are located from the Glen Alden Co.

List Those Groups Eligible For New Security Benefits

Are you failing to collect old-age and survivors insurance benefits you are eligible for under the new Social Security Act?

Myron Milbourn, manager of the New Castle social security office, 500 Frew Building, warned today that people made eligible for benefits on last September 1 by the new social security law must claim them by March 31 if they are to get the full amount payable.

The new law makes it possible to honor any claims that had to be disallowed before. However, those affected must file new claims at his office before any payments can be made.

"Back benefits can be paid for only the six months before the month of application," the local manager explained, "and people who were made eligible in September but who haven't been in touch with us since then should inquire promptly at our office or by mail."

Most Likely Affected

He listed the following classes as those most likely to be affected:

1. People 65 and over who have worked as much as a year and a half on social security-covered jobs. These can get benefits if their earnings under social security do not exceed \$50 monthly.

2. People 75 and over who have worked as much as a year and a half on covered jobs. These can get benefits though still regularly employed.

3. Children under 18 of deceased veterans of World War II. The mothers or others having charge of such children should apply.

4. Children under 18 of a deceased mother who had worked under social security. Whoever is in charge of the children should apply.

ELECTRICAL TIPS FOR THE HOME

If You Are Bothered by Frequent Blowing of Fuses . . .

DON'T court danger by using pennies or over-size fuses to prevent interruption of the current. When a fuse blows, it's your warning that something definitely is wrong.

DO check to determine the cause. The trouble may be a faulty cord, more likely it's an overloaded circuit. If so, you'll need another circuit to make your wiring as efficient as your appliances.

PENNSYLVANIA POWER CO.

75 YEARS OF SERVICE
... from one telephone to 35 million

A DREAM COMES TRUE—"Mr. Bell, I heard every word you said—distinctly!"

The story of the world's first telephone call is familiar to almost everyone. Twenty-nine-year-old Alexander Graham Bell had worked for months to perfect the device he felt would transform the pattern of man's living. Preparing to test a new type transmitter, the young scientist accidentally upset a jar of acid. Impulsively he called out: "Mr. Watson, come here. I want you." His words were heard distinctly through the receiver in a nearby room. That was just 75 years ago this month.

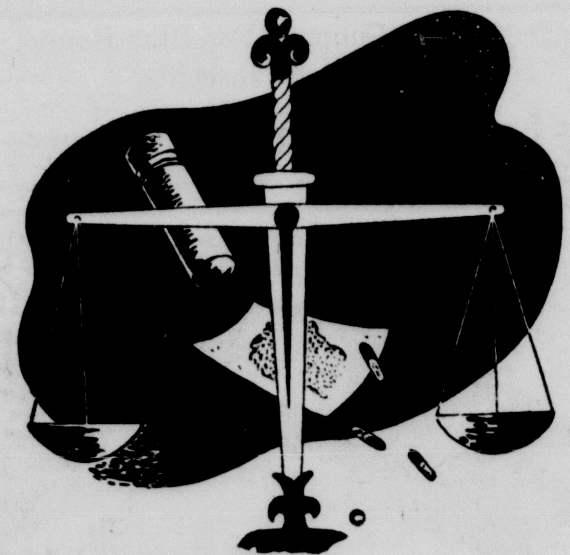

Today there are more than 35 million Bell telephones in service. In cities and on farms, they help keep friends and families together... speed the exchange of information for business and industry... transmit the messages vital to national security.

It takes good people, working with good equipment, to provide good telephone service. And good telephone service, important in normal times, is vital in critical times like these.

Historical Medical Highlights No. 7—

HOW MUCH IS A GRAIN?

The perfection of scientific means for measurement of weights, strength and dosage has played a tremendously important part in making medical treatment effective. Modern pharmacy scales, measures graduated are scientifically accurate in controlling physical handling of drugs. They prevent errors that might nullify the desired effect of the medicine. The strength of chemicals and drugs is established by the manufacturer, carefully watched and guarded in the store. Even the temperature is controlled for drugs affected by it.

These modern means of insuring purity, quality and accuracy in compounding your prescriptions are in daily use here. The "know-how" is supplied by experienced pharmacists, experts in their field.

Says British Troops Will Cross 38th Parallel If Ordered

(BULETIN)
EIGHTH ARMY HEADQUARTERS, Korea, March 21.—(INS)—Lt. Gen. Richard Gale, Britain's director of military training, declared today that British troops in Korea will cross the 38th parallel if ordered to do so by Gen. Douglas MacArthur.

Visiting the Korean front, the high-ranking British army official said Britain's troops "will go where they are told by the supreme commander." He added: "They will go up, down, over, under and through anywhere they are directed by General MacArthur."

He said there are "no strings attached" to the readiness of British forces in Korea to carry out whatever commands they receive from MacArthur.

Files Suit Against Government In Rail Wreck Death

NEW YORK, March 21.—(INS)—Mrs. Kathryn D. Gover has filed suit for \$750,000 against the United States government for the death of her husband, Charles, in the Long Island Railroad wreck last November.

Mrs. Gover, 29, who has three small children, says the government is responsible because the army had taken over the nation's railroads the previous August to avert a rail stoppage.

The wreck caused the deaths of 79 persons.

Pvt. Robert Smock Honored At Ft. Knox

FORT KNOX, Ky.—Pvt. Robert J. Smock, 23, son of Mrs. C. H. Smock, 222 Smithfield street, recently was named "Outstanding Trainee of the Day" for the Third Armored Division.

He was selected for this honor by the officers and cadetmen of his training outfit, Company D of the 88th Heavy Tank Battalion.

As the "Outstanding Trainee of the Day," Pvt. Smock served as the enlisted aide for a day to Maj. Gen. Ira P. Swift, commander of the Third Armored Division. In this capacity he accompanied the general on all inspection tours and to all staff meetings held that day.

A graduate of Union high school, Pvt. Smock was employed as a cable splicer for the Bell Telephone company when he entered the army last December 15.

Prosecution In A-Bomb Spies Case Is Nearing End

NEW YORK, March 21.—(INS)—The government is expected to wind up its prosecution today of three persons on trial as A-bomb spies.

Indications are that the government will rest its case after it calls to the stand Elizabeth T. Bentley, wartime courier for a Soviet spy ring.

The prosecution was nearly concluded yesterday with the testimony of John A. Derry, special assistant to the production director of the Atomic Energy Commission. Derry told the court that a 12-page report smuggled out of Los Alamos, N. M., to be handed over to Russia, described in detail the atom bomb dropped on Nagasaki.

The report allegedly was turned over to Julius Rosenberg, an engineer, and Rosenberg's wife, Ethel, who are on trial with radar expert Morton Sobell.

David Greenglass, brother of Mrs. Rosenberg and a confessed spy, said previously that he had turned the information over to the Rosenbergs.

All three defendants face a possible death sentence if convicted.

Do Prisoners Need Compensation Law?

MEMPHIS, Tenn.—(INS)—Memphis officials wonder today if there should be some sort of workmen's compensation law for prisoners.

Take the case of William Earl Delp. The 17-year-old Delp, of Marshall, Ind., was injured when a pile of blades for road graders fell upon him.

Delp was serving a 77-day term on charges of disturbing the peace and carrying a concealed weapon

because he was unable to pay a fine. Superintendent Rudolph Jones, of the city penal farm, explained that "all possible medical help will be given Delp even after his prison term ends." He added: "There's no precedent in a case like this, and no law providing help for a prisoner who is injured while serving a sentence at work on the prison farm."

Ex-Mayor O'Dwyer Will Be Witness In Another Probe

NEW YORK, March 21.—(INS)—Former Mayor William O'Dwyer moves today from the witness stand before the Kefauver committee to a grand jury investigating alleged irregularities in the New York fire department.

On Monday the ambassador to Mexico will go to Brooklyn to testify before another grand jury investigating tieups between the police and racketeers.

In today's appearance O'Dwyer will be questioned by District Attorney Frank Hogan about a range of alleged abuses including the sale of promotions and the disappearance of substantial funds from the treasury of the Uniformed Firemen's Association.

New Scandal In Pittsburgh Is Being Probed

PITTSBURGH, March 21.—(INS)—City Solicitor Anne X. Alpern and her staff moved to "tie up the loose ends" today in Pittsburgh's latest corruption scandal.

This one deals with city rubbish collectors who have been selling scrap from rubbish trucks. Miss Alpern charged drivers and helpers deprived taxpayers of thousands of dollars a year and added:

"Area scrap dealers must have known that the scrap being purchased by them from private individuals was actually the property of the city of Pittsburgh."

An actual estimate of the money involved will be made after city auditors complete a check of district scrap deals' books.

Miss Alpern charged rubbish collector drivers, who are paid \$96 a week, and their helpers, who receive about \$93 per week, would separate the scrap and store it in rented garages throughout the city. Then, they sold it.

She said the city law department learned of the corruption from anonymous telephone tipsters and letter writers.

Second Strike Occurs At Hospital

CAMDEN, N. J., March 21.—(INS)—Two hundred non-professional employees of Cooper hospital in Camden went on strike and set up a picket line around the main entrance.

Hospital authorities said that only 50 maintenance and house-keeping employees reported for work. The gap was being filled with volunteers.

The walkout followed collapse yesterday of the New Jersey state mediation board's efforts to avert a second strike for union recognition. The service employees staged a one-day walkout last Tuesday.

Crux of the dispute is the hospital's refusal to bargain with local 548 of the CIO hospital service employees union. The hospital has 385 patients.

Ohio Seeking To Solve Problem Of Turnpike

Mahoning county officials seem to have awakened to the fact that the Pennsylvania Turnpike will soon be disgorging traffic into Ohio near Petersburg, O.

County Engineer Sam Gould of Mahoning County and the county commissioners admit they "are in the dark" as to where the proposed Buckeye Turnpike will meet the Pennsylvania Turnpike. The western terminus of the Pennsylvania Turnpike is on the state line at Petersburg.

The proposed Buckeye Turnpike is still in a nebulous stage, the Ohio State Supreme Court having but recently declared such a pike constitutional.

Gould and the commissioners are not drawn and the probabilities are the turnpike will not be built for several years.

Rushing Turnpike

In the meantime the Pennsylvania Turnpike is being rushed to completion and the only traffic on the Ohio side is a little old country road that will probably go to pieces after several months of the heavy traffic that will be poured on to it.

The Mahoning county commissioners have announced they will seek a meeting with the Ohio state highway officials to discuss methods of meeting the oncoming traffic flood.

County Engineer Gould points out that using a temporary road over Route 7 to Route 224 might have "dire consequences" on Youngstown's traffic problem as well as endangering the already weakened Market street bridge.

The picture is not a pretty one insofar as the immediate traffic outlook is concerned. The Pennsylvania Turnpike will be opened this year it is anticipated. When it is opened the flood of cars, trucks and buses that use the Pennsylvania Turnpike will be pouring into Ohio and unless some emergency measures are taken traffic on the Ohio side will be tied up like a skein of yarn after a cut has played with it.

One practical solution has been suggested on the Pennsylvania side.

Until Ohio finally realizes that highway progress is at its back door, traffic from the turnpike could be routed off the turnpike at the Homewood interchange, then up Route 18 to the west side of New Castle, thence over State street to Route 224.

Presently Route 18 is not in shape to carry such heavy traffic but plans are drawn and construction is expected to start early this spring upon a new Route 18, from Homewood to Moravia.

Such a detour would lose but little time for the turnpike traffic and would avoid pouring out the traffic into a cowpasture on the Ohio side of the line.

Railroads Over Quota In 1951 Red Cross Drive

The Railroad Division of the Red Cross campaign fund under the chairmanship of Marion Streett, Superintendent of the Pennsylvania Railroad, has reached 101% of its quota.

Mr. Streett had as his assistant, Harold D. Lose.

Mr. Streett's division has made a fine and generous response to the Red Cross appeal and has increased the solicitation by 35% over last year. The employees of the Pennsylvania R. R. alone contributed more in the 1951 appeal than was raised in the entire division in 1950. Fund Chairman L. J. Lewis expressed appreciation to Mr. Streett for this excellent job. With a quota of \$1,000,000, this division has reported a total of \$1,109,000.

The workers who are responsible for the success of this division are: Pennsylvania R. R. — Marion Streett, Harold D. Lose, W. A. Trimble, M. K. Clark, V. R. Mangino, J. L. Frenzel, M. H. Griffin, F. Zarilla, J. T. Penman, P. L. Humphrey, Earl Turk, W. E. Erk, I. E. Bigley, C. B. Chambers, A. T. Jennings, and C. E. Armstrong.

Americans Know How To Write

FORT MADISON, Ia. — About two-thirds of the students graduating from American high schools today have a hand writing style that the principal regards as "satisfactory."

Even so the penmanship of today's pupils is rated as good or better than that of a generation ago by 64.4 per cent of the principals in a national survey by the W. A. Sheaffer company of what has happened to handwriting. Craig R. Sheaffer, pen company president, said the results indicated that better writing tools and better teaching methods more than holds its own, in spite of the much greater demands on students' time nowadays, crowded curriculums, and "clamorous and glamorous outside distractions."

Grade school principals voted nearly two to one that children "learn to write more easily" nowadays.

UNUSUAL LANDLORD

LYNN, Mass. — Henry Baay is probably the most unusual landlord in America today. He wants children in his apartments and even reduces the rent \$5 for each child in the family. Baay is manager of the Conway Real Estate Company. He has just about completed a new project in which rentals will run from \$75 to \$150 a month—with \$5 off for each child.

Woman Identifies Three Who Were On Scene Of Murder

TRENTON, N.J., March 21.—(INS)—A woman, who was beaten into unconsciousness when William Horner, 72-year-old shopkeeper was murdered, has identified three of the six defendants on trial for his slaying as being in the store at the time.

Slim, frail Mrs. Elizabeth Horner, common law wife of the slain man for 32 years, added that the fourth of the group of defendants—known as the Trenton six—was in the shop earlier.

The six were sentenced to the chair for the murder in a 1948 trial but a retrial was ordered by the New Jersey State Supreme Court because of errors in procedure.

Mrs. Horner, the state's chief witness, admitted, however, that she had not been able to identify the four men when she saw them in a police station 11 days after the killing. She said that this was because her eyes were still swollen from the beating she received.

Under cross-examination she also admitted that she told the police that the men in the room were not the ones she had seen in the store.

Though she further admitted that she had not identified the men face to face until the first trial in the summer of 1948, she denied flatly that she only knew them because she had seen their pictures in the newspapers.

The men she identified as being in the store together were Collis English, McKinley Forrest and Horace Wilson. She said that Ralph Cooper was the one who had visited the store earlier.

Some Division Over Proposed New State Taxes

HARRISBURG, Mar. 21.—(INS)—Majority leaders of the House and Senate enthusiastically endorsed Gov. John S. Fine's tax recommendations today but at least two GOP Senators were opposed.

Senate Minority Leader John H. Dent expressed the conviction that additional taxes will not be needed while House Minority Leader Hiram G. Andrews withheld comment until after a scrutiny of the program.

Criticism of the proposed state income tax was voiced by Sen. C. Arthur Blass (R) Erie.

"I think we can pare the budget," he declared.

Sen. John G. Snowden (R) Lycoming, said he would have preferred a sales tax.

"A flat income tax is going to disrupt business," he said, "the working people won't like it because it dips into their pay envelope before they touch it. It is the kind of tax that can be increased substantially in future years."

Sen. Samuel Neff (D) Lawrence, said instead of the income tax the corporate net income levy of four per cent should be doubled and told the Senate he will undoubtedly sponsor such a proposal.

Senate Majority Leader John M. Walker pointed to the need for new revenue and said "no tax is painless and the governor picked out the one to make it as easy as possible."

House Majority Leader Charles C. Smith described the proposed schedule as "one of the best and fairest tax programs that has ever been submitted to us by any governor."

Warns Political Corruption May Endanger U.S.

NEW YORK, March 21.—(INS)—Spruille Braden, former U. S. ambassador to Argentina, is on record today with a warning that the whole American way of life is endangered by political corruption.

Braden, now chairman of the New York City anti-crime committee, read a formal statement before the Kefauver crime investigating group in which he said that Stalin could not have found a better ally in undermining Americanism than "gangsters and foul politicians."

The ex-ambassador said that honest politics are of vital importance to American trade and prestige abroad.

"Just as Caesar's wife must be above suspicion," he said, "so any official directly or indirectly having to do with law enforcement must not only be good but must appear good."

"This is imperative from the aspect of our foreign relations. Here, at home, we may judge the corrupt or indiscreet official as an individual, but to foreigners he represents and typifies the United States, and so this nation's reputation for integrity may stand or fall by what he does or seems to do."

Braden said that he had noticed in some countries a close collaboration between gangsters and Communist agents and asked: "I wonder if the Soviet is not, at least in some measure, inciting these vermin to defile our system of law and order?"

Braden said that the United States cannot "rationally" protest the existence of corruption in foreign lands that might endanger capital investments "when there is such blatant corruption right at home."

WORTHLESS APPEAL

LONDON.—(INS)—Stanley Finemore 23, has two years in jail to ponder whether it was worth appealing against a one-year term. Finemore was given a one-year sentence for breaking into his parents' house and rifling the meter. He appealed against the "severity" of his sentence and it was quashed by the Appeals Committee. On Finemore's next appearance before the Appeals Committee he was given two years corrective training.

Okinawa-Based Superforts Blast North Korea Bases

(BULLETIN)

TOKYO, March 21.—(INS)—Twenty Okinawa-based Superforts blasted enemy communications targets in North Korea with about 180 tons of bombs today.

Bombardiers unloaded their explosives visually in clear weather on three Red supply centers and also hit a key rail bridge on the main route from the Manchurian border to Pyongyang, North Korean capital.

A six-ton radio-controlled "tarzon" bomb was dropped on the bridge and good results were reported.

From U. S. Fifth Air Force headquarters in Korea came word that a flight of four F-80s shot down or wounded about 250 enemy troops in close support attacks near the east coast.

First Lt. Ronald W. Eckles, Altoona, Pa., reported: "We worked them over with everything we had—napalm (fire bombs) rockets and machine guns. We left and the controller told us we killed at least 250 of them."

Another flight of jets claimed about 100 enemy casualties in the central sector. Three railroad tunnels were damaged northwest of Pyongyang by a flight of the 49th Wing.

New British Plane Makes First Flight

LONDON, March 21.—(INS)—Details of Britain's new triangular plane were released today following the first successful flight of the tail-less aircraft, the Fairey FDL.

The new high-speed plane is powered by a Rolls Royce Derwent turbo-jet, which is buried in the fuselage and has its exhaust outlet at the tail.

The angle of sweep-back on the wing is so steep that the aircraft has the exceptionally small span of 19 feet six and one-half inches. The total length is 26 feet three inches.

A feature of the FDL is the use of elevons—control surfaces at the rear or "trailing" edge of the delta wing. These combine the functions of ailerons and elevators. A normal rudder is fitted to the long fin.

A Fairey Company spokesman stressed that the FDL is a high-speed research plane which may be capable of flying at or near the speed of sound.

Pilotless, radio-controlled models had been flown earlier to guard against hidden snags that might have endangered the pilot's life.

The new plane completes a tri-

ity of single-seat, delta-shaped research planes ordered by the ministry of supply from different firms to discover how pointed the triangle must be to give best results for speed and control.

The other two are the Avro 707 which first flew last September, and the Boulton Paul P11, which made its maiden flight last October.

Navajo Indians Learn Music

BRIGHAM CITY, Utah — The Intermountain Indian school here has an addition of which it is proud—a 59-piece band composed entirely of Navajo Indian children.

Ordinarily, Navajos can't tell a tuba from a trombone because American music is completely foreign to them in its melody and rhythm.

Max Morrison, a graduate of Oklahoma Northeastern College, introduced his pupils to band music by inviting the Box Elder high school musical organization to give a concert at the Indian school.

Then he picked 59 of the most promising boys and girls, ranging from 12 to 16 years of age and patiently taught them the instruments that make up a band.

The first appearance of the group was at a school assembly and the students are eagerly rehearsing for more concerts.

The tune they play best is "America," according to Morrison.

Holy Week Services In Local Catholic Churches

Holy Week—the final week in the Lenten season—is being observed by Catholics this week.

This is the most solemn week in the Catholic church calendar, and local Catholics as well as Catholics throughout the world are attending services.

Appropriate services have been planned in all of the local Catholic churches. These services started with the blessing of the palm branches and the distribution of palms on Palm Sunday, recalling Christ's triumphant entry into Jerusalem.

On Holy Thursday, the church commemorates the Last Supper at which our Lord instituted the sacraments of the Holy Eucharist and Holy Orders. White vestments are used to celebrate mass, because the institution of the Holy Eucharist is a joyful commemoration.

The procession held during services on Holy Thursday commemorates our Lord's journey to the Mount of Olives after the Last Supper.

On Good Friday, the church observes the Passion and death of our Lord and Savior, Jesus Christ. Robes of mourning are used and it is a most sad and solemn of all days in Holy Week. Black vestments are used.

Holy Saturday at noon marks the close of the season of Lent.

Services Scheduled

All of the Catholic churches in the city have arranged impressive services during the latter part of the week.

St. Mary's—Holy Communion will be distributed on Holy Thursday during the masses at 6, 7, and 8 o'clock. The 8 o'clock mass is a high solemn mass with procession to be held. There will be all day adoration, and all night vigil by the Holy Name society members starting at 9 p. m. Good Friday mass of pre-sanctified will be held at 8 a. m. The tre-ore (three hour) services will be from 12 to 3 p. m. Father Raymond will deliver the Passion sermon and conduct stations of the cross at 7:45 p. m. The blessing of fire, water, candles, etc., will take place on Holy Saturday starting at 6:30 a. m. Holy mass will follow at 8 a. m. Lent ends at noon. Confessions during the week will be heard Wednesday afternoon and evening. Easter Sunday masses will be at 5:30, 6:30, 8, 9, 10:30 (mass for

Urge More Grants For Television Stations To Cities

CHICAGO, March 21.—(INS)—The Federal Communications Commission was urged today to give each city its full allocation of television stations by granting temporary, one-year broadcasting permits.

John S. Meek, president of John Meek Industries and Scott Radio Laboratories wrote the FCC that "the greatest deterrent to good programs is lack of competition among the stations."

Meek said many businessmen would like to operate a station on a temporary basis. He added that the FCC policy of granting on permanent channel allocations is "depriving the public of television service in many cities, as well as better service in cities now having stations."

New Hampshire Gamblers Reported Destroying Records

CONCORD, N. H., March 21.—(INS)—New Hampshire gamblers today were reported destroying their records as a result of testimony in the Senate crime probe that gambling is a \$30 million business in the state.

The charge, denied by U. S. Sen. Charles W. Tobey of New Hampshire, a committee member, was made by William O'Dwyer, ambassador to Mexico and former mayor of New York, a witness at the Senate committee's New York hearings.

Both men had supporters and detractors in New Hampshire. Governor Sherman Adams and Wesley Powell of Hampton Falls, who opposed Tobey in the last election, however, avoided the fight.

Oak Street P.T.A. Hears Talk On Child Guidance

Miss Mary Scherger, teacher at Ben Franklin school, was speaker when members of the Oak Street P.T.A. met recently at the school, with Mrs. Gerald Book conducting business. Reports were presented by the secretary and treasurer.

A letter was read from Mrs. Sam Rashid, program chairman of the Rose Avenue P.T.A., inviting the members to attend the Rose Avenue meeting on Tuesday evening, March 27. A report from Mrs. Rashid, City Council P.T.A. president, stated that the registration fee for the South-west district P.T.A. conference of April 21 would be twenty-five cents.

A nominating committee was selected and includes Mrs. William McCullough, chairman, Mrs. J. Compell and Frank Theobald, teacher representative.

An announcement was made for a class being held at the Y.W.C.A. for women twice each month. The ladies are now studying textile painting, and a nursery is provided at a small fee for the young children of the members. Mrs. R. Loy is in charge of enrolling any Oak street woman who is interested.

The membership drive for the Y.M.C.A. at Oak street is under the direction of Billy Loy and Paul Sanders. Suggestions are welcome for a change in the roll call representation system now in effect.

Miss Anna Dodds' first grade class is first in the membership drive, with Mrs. Janet Knapp's class in second place. A motion was made for the appreciation gift for Mr. Broadbent, school custodian. Mrs. Knapp's first grade class won the banner and treat for the roll call.

Mrs. Frank Sholler, program chairman for the meeting, introduced Miss Mary Scherger who spoke on "Child Guidance." She stated that the background for guidance can be taken from the Bible in the words "train up a child as he should go." Six facets of guidance include: one, religious, with training in the home and church; two, personal life, here parents must lead; three, acts in society; four, moral guidance, with the first of this to begin in the home; ethical, which includes things we owe to our fellow man; and educational, with the teacher as the advisor. Education is one of the most important ways to learn to live with other people.

Guidance Types
Continuing, Miss Scherger stated that there are the direction-

al and correctional types of guidance, with guidance really beginning with the first cry of the infant and continuing till death. Highlighting her many remarks were examples of her own personal experiences in teaching in the city schools.

John Cornelius, principal, asked the parents' opinion on the school saving account plan and an open discussion followed. Mrs. G.

Borst, and Frank Theobald counted the "silver march" collection. Delicious refreshments were served by Mrs. William McCullough, hospitality chairman, Mrs. Robert Loy, co-hostess, and aides, Mrs. J. Compell and Mrs. L. Williams.

Up to a depth of 25 feet, the greater the amount of water under a steamship, the greater its speed with the same power output.

Allegheny College Increases Tuition

Louis T. Benezet, president of Allegheny college, Meadville, has announced that tuition costs and room fees would be increased next fall in an attempt to adjust to increased operating costs.

Tuition, including all fees, will rise to \$585 per year and room rent will be advanced ten dollars to \$170 per year although board bills in the college dining rooms will remain the same, \$380 per year.

Dr. Benezet added that he disliked increasing the tuition but under the circumstances the increase in operating costs were too high to enable them to find any other solution.

San Diego Tops Pirates, 13 To 2

Threat Of New General Strike Confronts France

PARIS, Mar. 21.—(INS)—Threat of a new general strike confronted France today with a spreading walkout of railway men which tied up transportation in widespread areas.

Workers quit their jobs by the thousands in spite of a government decree intended to "mobilize" them back to work.

Long distance and suburban train traffic in and out of Paris was disrupted. In the city itself, special vehicles pressed into emergency service handled the bulk of transportation in the place of regular busses and subways.

Many utility workers remained away from their jobs. As a result, low gas pressure affected cafes, restaurants and hotels but a slight improvement in electricity output was noted.

The strikers included 1,500 Paris district water works employees who quit for 24 hours in a demand for higher wages. Normal water supplies were maintained, however.

The railway strike has spread to Dijon, Bordeaux, Rennes, Lyon, Angers, Nantes, Toulouse, Tours, Lemans, Rouen, Le Havre and Marseille.

The Paris newspaper Le Monde, which usually represents the government's viewpoint, warned that the wage increases demanded will endanger the national finances.

Deliver New Chairs To City Building

Forty-nine new chairs for council officers, spectators who attend councilmanic proceedings, and for police court observers were being delivered today by the Castle Stationery Co. to the city of New Castle. The cost of the chairs is \$2,169.05.

Forty of the chairs are side-arm chairs, eight are swivel armchairs and one is swivel, high-back chair.

During recent council meetings, several of the councilmen have almost fallen to the floor due to the condition of their chairs, hence it was decided to get new chairs for themselves, and spectators.

Quick Brushoff For Russian Demand To Be U.S. Reply

WASHINGTON, March 21.—(INS)—The United States is set to give a quick brush-off to Moscow's demand for part of the German merchant fleet by reminding the Russians about more than 100 lend-lease ships they borrowed and forgot to return.

The Soviet demand for the surrender of 13 German vessels made Tuesday in a note to the state department is viewed as a deliberate smoke-screen to cover her failure to account for the World War II vessels.

No satisfactory answer has been given by the Russians to the renewed state department demands that the ships be sent back. Likewise, Moscow has been accused of being dilatory, if not outright deceptive, in refusing to turn back three ice-breakers loaned the Red fleet during World War II.

After long hickering, Russia returned one of the vessels from the Arctic. Another was reported lost. The third has been promised repeatedly but on each occasion, the Kremlin contended weather conditions prevented losing the ice-breaker from ice-frozen northern ports.

The Russian demand for the 13 German ships was based on a 1947 report of a tripartite commission allocating the vessels as reparations.

The Soviet note complained the agreement has not been complied with by the United States. The 100 Liberty cargo boats are said to be the backbone of the Russian merchant marine. They report at all harbors excepting those under U. S. jurisdiction, where they might be seized.

Legion Auxiliary Sends Easter Gift To Their War Orphan

Members of the Legion auxiliary No. 343 met at the American Legion Home on Monday evening, with president Mrs. John Speed in charge.

Activity chairman Mrs. Elizabeth Miller reported on activities, also on a project to be completed April 16. Rehabilitation chairman Mrs. J. N. Speed reported that she had received a letter from the county home, thanking the unit for towels and washcloths donated for the T. B. ward which is near completion. Coupon chairman Mrs. Edna Hedland states that she has a large package of coupons ready for council.

Education of war orphans chairman Mrs. Dorothy Boye purchased a gift for our war orphan which will be sent to him for Easter at Scotland school.

The unit received a letter from Miss Frances Hanlon of Port Allegany announcing the national president luncheon to be held in Pittsburgh on June 9. The unit voted to send president Mrs. John Speed.

Senior vice-commander Al Walker extended an invitation Monday evening to the unit to meet with the post in a joint meeting April 10, at 8 p. m.

Tri-county council will be held in West Middlesex March 29 at 11 a. m. at Presbyterian church, East Main street. Reservations must be received by Mrs. Frank Conner by March 22.

At close of meeting the "white elephant" was won by Mrs. Elizabeth Miller.

After the meeting, members participated in a party which was planned by past presidents Edna Hedland and Eleanor Wilkins. A large number gathered for games of contest and prizes were distributed. A tasty lunch was served by the committee.

It is anticipated to hold a party of this kind on the second meeting of each month.

Next regular business meeting will be April 2 at 8 o'clock.

Report Senator Kefauver Plans To Write Book

NEW YORK, March 21.—(INS)—Reports that Sen. Kefauver (D) Tenn., is planning to write a book about the work of his crime committee stirred the interest today of television, radio and motion picture producers.

The senator from Tennessee admits that the book has not reached a contract stage yet, but the publishing house of Doubleday & Co., Inc., was reported to have been promised the first look at a finished work.

Although the story of the activities of the Senate crime investigating committee admittedly would be hard to produce in any entertainment media because of the releases which would have to be obtained, all branches of show business were titillated over such a project.

One motion picture executive said that a crime book by Kefauver would be "one of the hottest properties in years."

Seminar At YWCA Slated March 28

Speaking on the Orientation seminar of the Y. W. C. A., which is slated on Wednesday, March 28, president Mrs. James W. Moorehead, said as follows:

"It is imperative that every

chairman and committeemen attend it." Mrs. Moorehead made the statement Tuesday evening as she presided at the regular board of directors meeting of the YW.

The Seminar is to be held March 28, from 10:30 a. m. to 2:30 p. m. It will be held in the form of a luncheon-meeting, the time of the luncheon yet to be announced.

The worship service at the be-

ginning of the meeting was in charge of Mrs. George D. Morris. Mrs. Morris showed slides and gave a commentary of each slide which depicted portraits of Jesus as painted by famous artists.

Mrs. James A. Gillespie, co-chairman of the membership committee gave a follow-up on the drive held and stated that the final

meeting is scheduled for all workers on May 1.

The National YW week blotters were distributed in honor of the national YW week to be observed during the last week in April. National YWCA bulletins are to be published monthly. Board members are to take their turn alphabetically each month to report on preferred articles in the bulletin.

Mrs. W. Russell Allen, chairman of the house committee will report at the next board meeting.

Tuesday, April 17, is the next board meeting, at 7:30 p. m.

Mother Asks \$65,000 For Son

Damage Suit Filed For Huge Amount

In a dual suit filed by Nellie Bozinski, administratrix in the estate of the late Michael Eugene Bozinski, a total of \$65,000 damages is asked from Late M. Christie, trading and doing business as the Silver Dale Milk Express Co. Michael Eugene Bozinski was a farmer on the Moravia-New Galilee road. Christie is engaged in picking up and delivering milk from dairy farmers.

On March 16, 1950, he drove his truck into the Bozinski farm and Michael Eugene Bozinski busied himself bringing the cans of milk from the milk house to the truck.

In some manner the truck backed into the milkhouse, wrecking it and crushing Bozinski so badly that he died.

His mother claims \$15,000 for her and her husband, \$40,000 for loss of earnings by their son, and \$10,000 for pain and suffering.

ASKS DAMAGES

Paul W. Dayner and Harry L. Dayner, of Princeton, R. D. 1, asks \$2,500 damages from Charles Dess, of R. D. 6, for damages sustained to their truck on October 11, 1950, when the truck of Dess hit their truck on the Center Church road.

CLAIMS INSURANCE

Frank A. Parillo, father of the late Louis Parillo, of Ellwood City, asks \$4269.09 from the Prudential Insurance Company which he claims is due upon a policy of life insurance taken out by the deceased.

The late Mr. Parillo, one time chief deputy county treasurer, took out a \$5000 policy with the defendant company, upon which he once made a loan. The plaintiff claims \$4269.09 is still due and sues for it.

Will Show Animated Tuberculosis Film

J. O. Huston, president of the Lawrence County Tuberculosis society, has announced that an animated motion picture in color has been produced by the National Tuberculosis Association for use by its affiliated associations in their educational campaigns to show how tuberculosis can be fought and licked.

The motion picture "Rodney" will be available in the very near future, through the local tuberculosis society, and if your group cares to see this film, call 4663 and a date will be arranged to suit your convenience either during the afternoon or evening.

This film is the first of a color cartoon type to be produced by the association.

The area of India is half that of the United States, but its population is almost treble.

Don't be HALF-SAFE

by VALDA SHERMAN

Many mysterious changes take place in your body as you mature. Now, the glands under your arms begin to secrete daily a new type of perspiration containing substances which will—if they reach your dress—cause ugly stains and clinging odor.

You'll face this problem throughout womanhood. It's not enough merely to stop the odor of this perspiration. You must now use a deodorant that stops the perspiration itself before it reaches—and ruins—your clothes.

As doctors know, not all deodorants stop both perspiration and odor. But Arrid does! It's been proved that the new cream deodorant Arrid stops underarm perspiration 1 to 3 days safely—keeps underarms dry and sweet.

Remember this, too. Arrid's antiseptic action kills odor on contact—prevents formation of odor up to 48 hours and keeps you "shower-bath" fresh. And it's safe for skin—safe for fabrics.

So, don't be half-safe. Don't risk your happiness with half-safe deodorants. Be Arrid-safe! Use Arrid to be sure. Arrid with Creamogen will not dry out, and it's so pleasant and easy to apply. Get Arrid today.
